Subject Index*

A

Abscess
Subperiosteal abscess of the orbit: an unusual complication of the third molar surgery (Muñoz-Guerra et al). 2006;102:E9-13

Abstracts
Proceedings of the Annual Meeting of the American Academy of Oral Medicine, San Juan, PR, May 3-7, 2006. 2006;102:325-39

Acetaminophen
The efficacy comparison of ibuprofen, acetaminophen-codeine, and placebo premedication therapy on the depth of anesthesia during treatment of inflamed teeth (Modaresi et al). 2006;102:399-403

Acid etching, dental
Histologic evaluation of direct pulp capping with a self-etching adhesive and calcium hydroxide in beagles (Lu et al). 2006;102:E78-84

Adaptation, psychological
Multidimensional approach to the differences between muscular and articular temporomandibular patients: coping, distress, and pain characteristics (Galdón et al). 2006;102:40-6

Adenitis; *see* Lymphadenitis

Adenocarcinoma
Assessment of CD43 expression in adenoid cystic carcinomas, polymorphous low-grade adenocarcinomas, and monomorphic adenomas (Woo et al). 2006;102:495-500
Gastric signet-ring cell adenocarcinoma metastatic to the gingiva: a case report (Kwon et al). 2006;102:62-6

Adenoid cystic carcinoma; *see* Carcinoma, adenoid cystic

Adenoma
Assessment of CD43 expression in adenoid cystic carcinomas, polymorphous low-grade adenocarcinomas, and monomorphic adenomas (Woo et al). 2006;102:495-500
Bilateral canalicular adenomas of the upper lip (Yoon et al). 2006;102:341-3

Aggrecanase; *see* Endopeptidases

AIDS; *see* HIV

Alcohol drinking
Prevention and early detection of oral and pharyngeal cancer in veterans (Kim et al). 2006;102:625-31

Alkaline phosphatase
p38 Mitogen-activated protein kinases and alkaline phosphatase in human dental pulp cells (Wang et al). 2006;102:114-8

Alkylation
Antimicrobial endodontic compounds do not modulate alkylation-induced genotoxicity and oxidative stress in vitro (Ribeiro et al). 2006;102:E32-6

Alveolar process
Difference in alveolar molding effect and growth in the cleft segments: 3-dimensional analysis of unilateral cleft lip and palate patients (Baek and Son). 2006;102:160-8

American Academy of Oral Medicine
Proceedings of the Annual Meeting of the American Academy of Oral Medicine, San Juan, PR, May 3-7, 2006). 2006;102:325-39

American College of Oral and Maxillofacial Surgeons
Continuing education and the American College of Oral and Maxillofacial Surgeons (Thomas). 2006;102:711-2 (Editorial)

Aminopyridines
An evaluation on the efficacy and safety of amlexanox oral adhesive tablets in the treatment of recurrent minor aphthous ulceration in a Chinese cohort: a randomized, double-blind, vehicle-controlled, unparallel multicenter clinical trial (Liu et al). 2006;102:475-81

Amlexanox; *see* Aminopyridines

Analgesia
Articaine and mepivacaine efficacy in postoperative analgesia for lower third molar removal: a double-blind randomized, crossover study (Colombini et al). 2006;102:169-74
Postoperative analgesia after lower third molar surgery: contribution of the use of long-acting local anesthetics, low-power laser, and diclofenac (Marković and Todorović). 2006;102:E4-8

Analgesics
The changing pattern of analgesic and anti-inflammatory drug use in cleft lip and palate repair (Santos et al). 2006;102:E16-20

Anesthesia, dental
The effects of tramadol added to articaine on anesthesia duration (Pozos et al). 2006;102:614-7
The efficacy comparison of ibuprofen, acetaminophen-codeine, and placebo premedication therapy on the depth of anesthesia during treatment of inflamed teeth (Modaresi et al). 2006;102:399-403
Is permanent maxillary tooth removal without palatal injection possible? (Uckan et al). 2006;102:733-5

Anesthesia, inhalation
Difficulties in anesthetic management of patients with micrognathia: report of a patient with Stickler syndrome (Küçükyavuz et al). 2006;102:E33-6

Anesthesia, local
Postoperative analgesia after lower third molar surgery: contribution of the use of long-acting local anesthetics, low-power laser, and diclofenac (Marković and Todorović). 2006;102:E4-8

Angiolymphoid hyperplasia with eosinophilia
Clinicopathologic study of parotid involvement in 21 cases of eosinophilic hyperplastic lymphogranuloma (Kimura' s disease) (Gao et al). 2006;102:651-8

Ankylosis
Severe limitation in jaw movement in a patient with fibrodysplasia ossificans progressiva: a case report (Sendur et al). 2006;102:312-7

Anti-bacterial agents
Antimicrobial effect, in vitro, of gutta-percha points containing root canal medications against yeasts and *Enterococcus faecalis* (Öztan et al). 2006;102:410-6
Antimicrobial endodontic compounds do not modulate alkylation-induced genotoxicity and oxidative stress in vitro (Ribeiro et al). 2006;102:E32-6
Assessment of antibacterial activity of EndoREZ (Eldeniz et al). 2006;102:119-26
In vitro evaluation of the antimicrobial activity of calcium hydroxide combined with chlorhexidine gel used as intracanal medicament (Gomes et al). 2006;102:544-50

*July, 1-138; August, 139-270; September, 271-428; October, 429-576; November, 577-710; December, 711-xxx.

Antigens, CD43
Assessment of CD43 expression in adenoid cystic carcinomas, polymorphous low-grade adenocarcinomas, and monomorphic adenomas (Woo et al). 2006;102:495-500
Anti-inflammatory agents
The changing pattern of analgesic and anti-inflammatory drug use in cleft lip and palate repair (Santos et al). 2006;102:E16-20
Antiretroviral therapy, highly active
Salivary gland function in HIV-infected patients treated with highly active antiretroviral therapy (HAART) (Lin et al). 2006;102:318-24
Aphthous stomatitis; *see* Stomatitis, aphthous
Arteriovenous malformations
Intramuscular vascular malformation of the masseter muscle presenting with turkey wattle sign (Rai et al). 2006;102:618-24, 618.E1-9
Arthritis, rheumatoid
Sole radiographic expression of rheumatoid arthritis in the temporomandibular joints: a case report (Delantoni et al). 2006;102:E37-40
Articaine; *see* Carticaine
Atherosclerosis
Calcified carotid artery atheroma (CCAA) localization on panoramic radiographs (Mupparapu) (Letter); (Kamikawa) (Reply). 2006;102:579-81
Authorship
. . .et alii, et aliae, et alia, et cetera . . . Rights and responsibilities of authorship (Farman). 2006;102:139-40 (Editorial)

B

Bacteria
Effects of different root canal obturation techniques on bacterial penetration (Yücel and Çiftçi). 2006;102:E88-92
Living tissue within dead teeth is not healthy pulp (Cardoso) (Letter); (Ricucci et al) (Reply). 2006;102:142-3
Bacteriological techniques
Root canal microbiota of dogs' teeth with periapical lesions induced by two different methods (Ferreira et al). 2006;102:564-70
Balloon dilatation
Frequency of postoperative complications after balloon compression for idiopathic trigeminal neuralgia: prospective study (de Siqueira et al). 2006;102:E39-45
Basal cell nevus syndrome
Odontogenic keratocyst and uterus bicornis in nevoid basal cell carcinoma syndrome: case report and literature review (Ramaglia et al). 2006;102:217-9
B-cell lymphoma; *see* Lymphoma, B-cell
Bicuspid
The Ekman-Westborg and Julin trait: report of a case (Nemes and Alberth). 2006;102:659-62
Evaluation of periapical repair following retrograde filling with different root-end filling materials in dog teeth with periapical lesions (Tanomaru-Filho et al). 2006;102:127-32
Bisphosphonates; *see* Diphosphonates
Blood platelets
A comparative histologic analysis of tissue-engineered bone using platelet-rich plasma and platelet-enriched fibrin glue (Zhu et al). 2006;102:175-9
Blood pressure
Cardiovascular effects of epinephrine under sedation with nitrous oxide, propofol, or midazolam (Niwa et al). 2006;102:E1-9
Bone density
Experimental evaluation of bone quality measuring speed of sound in cadaver mandibles (Haffar et al). 2006;102:782-91
Bone diseases
Mandibular morphological changes in low bone mass edentulous females: evaluation of panoramic radiographs (Dutra et al). 2006;102:663-8
The monocortical critical size bone defect as an alternative experimental model in testing bone substitute materials (Schlegel et al). 2006;102:7-13
Bone formation; *see* Osteogenesis
Bone plates
Bridging mandibular continuity defects with miniplates: an experimental study (Huh et al). 2006;102:307-11
Bone regeneration
Emdogain-gel stimulates proliferation of odontoblasts and osteoblasts (Jiang et al). 2006;102:698-702
The monocortical critical size bone defect as an alternative experimental model in testing bone substitute materials (Schlegel et al). 2006;102:7-13
Spontaneous regeneration after juvenile ossifying fibroma resection: a case report (Espinosa et al). 2006;102:E32-5
Bone remodeling
Mandibular morphological changes in low bone mass edentulous females: evaluation of panoramic radiographs (Dutra et al). 2006;102:663-8
Bone screws
Bridging mandibular continuity defects with miniplates: an experimental study (Huh et al). 2006;102:307-11
Bone substitutes
Macroscopical, histological, and morphometric studies of porous bone-replacement materials in minipigs 8 months after implantation (Henkel et al). 2006;102:606-13
The monocortical critical size bone defect as an alternative experimental model in testing bone substitute materials (Schlegel et al). 2006;102:7-13
Bone transplantation
Vertical distraction osteogenesis of fibula transplant for mandibular reconstruction: a case report (Ortakoglu et al). 2006;102:E8-11
Book reviews
Advanced Endodontics: Clinical Retreatment and Surgery by John S. Rhodes, BDS, MSC (Gatewood). 2006;102:703-4
Bowen's disease
Oral bowenoid papulosis in an HIV-positive male (Cox et al) (Letter); (Rinaggio et al) (Reply). 2006;102:431-2
Bradycardia
Vasovagal syncope with asystole associated with intravenous access (Wakita et al). 2006;102:E28-32
Brain abscess
Case report: brain and liver abscesses caused by oral infection with *Streptococcus intermedius* (Wagner et al). 2006;102:E21-3
Brain mapping
Brain activity during stimulation of the trigeminal nerve with noxious heat (Leeuw et al). 2006;102:750-7
Bruxism
Bilateral temporalis muscle hypertrophy: a case report (Da Silva and Mandel). 2006;102:E1-3
Oral habits and their association with signs and symptoms of temporomandibular disorders in adolescents: a gender comparison (Winocur et al). 2006;102:482-7

C

Calcinosis
Calcified carotid artery atheroma (CCAA) localization on panoramic radiographs (Mupparapu) (Letter); (Kamikawa) (Reply). 2006;102:579-81

Cystic variant of calcifying epithelial odontogenic tumor (Gopalakrishnan et al). 2006;102:773-7
Maxillary calcifying epithelial odontogenic (Pindborg) tumor presenting with abnormal eye signs: case report and literature review (Bridle et al). 2006;102:E12-5

Calcium hydroxide
Effect of a calcium hydroxide-based root canal dressing on periapical repair in dogs: a histological study (Leonardo et al). 2006;102:680-5
The effect of sodium hypochlorite application on the success of calcium hydroxide pulpotomy in primary teeth (Tunç et al). 2006;102:E22-6
Histologic evaluation of direct pulp capping with a self-etching adhesive and calcium hydroxide in beagles (Lu et al). 2006;102:E78-84
Immunohistochemical expression of fibronectin and tenascin after direct pulp capping with calcium hydroxide (Piva et al). 2006;102:E66-71
In vitro assessment of the effectiveness of the chlorhexidine gel and calcium hydroxide paste with chlorhexidine against *Enterococcus faecalis* and *Candida albicans* (Ercan et al). 2006;102:E27-31
In vitro evaluation of the antimicrobial activity of calcium hydroxide combined with chlorhexidine gel used as intracanal medicament (Gomes et al). 2006;102:544-50

Calcium phosphates
Macroscopical, histological, and morphometric studies of porous bone-replacement materials in minipigs 8 months after implantation (Henkel et al). 2006;102:606-13

Candida albicans
Candida albicans binds to saliva proteins selectively adsorbed to silicone (Holmes et al). 2006;102:488-94
Correlation between adhesion, enzyme production, and susceptibility to fluconazole in *Candida albicans* obtained from denture wearers (Lyon and de Resende). 2006;102:632-8
In vitro assessment of the effectiveness of the chlorhexidine gel and calcium hydroxide paste with chlorhexidine against *Enterococcus faecalis* and *Candida albicans* (Ercan et al). 2006;102:E27-31

Candida sp.
Antimicrobial effect, in vitro, of gutta-percha points containing root canal medications against yeasts and *Enterococcus faecalis* (Öztan et al). 2006;102:410-6

Carboxymethylcellulose
Tacrolimus powder in Orabase 0.1% for the treatment of oral lichen planus and oral lichenoid lesions: an open clinical trial (Lozada-Nur and Sroussi). 2006;102:744-9

Carcinoma
Overexpression of p16INK4 is a reliable marker of human papillomavirus–induced oral high-grade squamous dysplasia (Cunningham et al). 2006;102:77-81

Carcinoma, adenoid cystic
Assessment of CD43 expression in adenoid cystic carcinomas, polymorphous low-grade adenocarcinomas, and monomorphic adenomas (Woo et al). 2006;102:495-500

Carcinoma, signet ring cell
Gastric signet-ring cell adenocarcinoma metastatic to the gingiva: a case report (Kwon et al). 2006;102:62-6

Carcinoma, squamous cell
Expression of $p16^{INK4A}$, p53, and Rb proteins are independent from the presence of human papillomavirus genes in oral squamous cell carcinoma (Nemes et al). 2006;102:344-52
Oral squamous cell carcinoma: review of prognostic and predictive factors (Massano et al). 2006;102:67-76
A reason for the use of toluidine blue staining in the presurgical management of patients with oral squamous cell carcinomas (Missmann et al). 2006;102:741-3

Cardiovascular diseases
Perioperative management of the geriatric patient. Part II: cardiovascular system (Bergman et al). 2006;102:E7-12

Cardiovascular system
Perioperative management of the geriatric patient. Part II: cardiovascular system (Bergman et al). 2006;102:E7-12

Carotid artery diseases
Calcified carotid artery atheroma (CCAA) localization on panoramic radiographs (Mupparapu) (Letter); (Kamikawa) (Reply). 2006;102:579-81

Carticaine
Articaine and mepivacaine efficacy in postoperative analgesia for lower third molar removal: a double-blind randomized, crossover study (Colombini et al). 2006;102:169-74
The effects of tramadol added to articaine on anesthesia duration (Pozos et al). 2006;102:614-7
Is permanent maxillary tooth removal without palatal injection possible? (Uckan et al). 2006;102:733-5

Cartilage
Chondroid metaplasia in inflamed pulp tissue: a case report (Giardino et al). 2006;102:E42-5

Catheter ablation
The treatment of lymphangioma in the buccal mucosa by radiofrequency ablation: a case report (Bozkaya et al). 2006;102:E28-31

Catheterization
Vasovagal syncope with asystole associated with intravenous access (Wakita et al). 2006;102:E28-32

Catonella morbi
Catonella morbi and *Granulicatella adiacens:* new species in endodontic infections (Siqueira et al). 2006;102:259-64

Cell adhesion
Candida albicans binds to saliva proteins selectively adsorbed to silicone (Holmes et al). 2006;102:488-94

Cell culture techniques
Biocompatibility of furcal perforation repair material using cell culture technique: Ketac molar versus ProRoot MTA (Vajrabhaya et al). 2006;102:E48-50

Cell proliferation
Emdogain-gel stimulates proliferation of odontoblasts and osteoblasts (Jiang et al). 2006;102:698-702

Cell survival
In vitro evaluation of macrophage viability after incubation in orange oil, eucalyptol, and chloroform (Scelza et al). 2006;102:E24-7

Cellulose
Cellular toxicity of mineral trioxide aggregate mixed with an alternative delivery vehicle (Karimjee et al). 2006;102:E115-20

Cerebrovascular accident
Stroke: epidemiology, classification, risk factors, complications, diagnosis, prevention, and medical and dental management (Fatahzadeh and Glick). 2006;102:180-91

Chin
A new evaluation method for neurosensory disturbance in the chin of patients undergoing mandibular sagittal split ramus osteotomy: an application of the heat flux technique (Kabasawa et al). 2006;102:719-24

Chlorhexidine
In vitro assessment of the effectiveness of the chlorhexidine gel and calcium hydroxide paste with chlorhexidine against *Enterococcus faecalis* and *Candida albicans* (Ercan et al). 2006;102:E27-31

In vitro evaluation of the antimicrobial activity of calcium hydroxide combined with chlorhexidine gel used as intracanal medicament (Gomes et al). 2006;102:544-50

Chloroform

In vitro evaluation of macrophage viability after incubation in orange oil, eucalyptol, and chloroform (Scelza et al). 2006;102:E24-7

Chondroid; *see* Cartilage

Cleft lip

The changing pattern of analgesic and anti-inflammatory drug use in cleft lip and palate repair (Santos et al). 2006;102:E16-20

Difference in alveolar molding effect and growth in the cleft segments: 3-dimensional analysis of unilateral cleft lip and palate patients (Baek and Son). 2006;102:160-8

Long-term maxillomandibular skeletal and dental changes in children with cleft lip and palate after maxillary distraction (Harada et al). 2006;102:292-9

Cleft palate

The changing pattern of analgesic and anti-inflammatory drug use in cleft lip and palate repair (Santos et al). 2006;102:E16-20

Difference in alveolar molding effect and growth in the cleft segments: 3-dimensional analysis of unilateral cleft lip and palate patients (Baek and Son). 2006;102:160-8

Difficulties in anesthetic management of patients with micrognathia: report of a patient with Stickler syndrome (Küçükyavuz et al). 2006;102:E33-6

Long-term maxillomandibular skeletal and dental changes in children with cleft lip and palate after maxillary distraction (Harada et al). 2006;102:292-9

Clinical competence

Regarding: Editorial "Mastery through surgical repetition" (Curran). 2006;102:141-2 (Letter)

Codeine

The efficacy comparison of ibuprofen, acetaminophen-codeine, and placebo premedication therapy on the depth of anesthesia during treatment of inflamed teeth (Modaresi et al). 2006;102:399-403

Colony count, microbial

Root canal microbiota of dogs' teeth with periapical lesions induced by two different methods (Ferreira et al). 2006;102:564-70

Composite resins

Assessment of antibacterial activity of EndoREZ (Eldeniz et al). 2006;102:119-26

Computed tomography; *see* Tomography, x-ray computed

Contusions

Ehlers-Danlos syndrome: classifications, oral manifestations, and dental considerations (Abel and Lee). 2006;102:582-90

Coping; *see* Adaptation, psychological

Corrections

Cytokeratin expression in initial oral mucositis of head and neck irradiated patients (Bonan et al) (2006;101:205-11). 2006;102:710

Correspondence; *see* Letters to the Editor

Cranial fossa, middle

Intrusion of the mandibular condyle into the middle cranial fossa: case report and review of the literature (Rosa et al). 2006;102:E4-7

Cranial nerve diseases

Mental nerve paresthesia associated with endodontic paste within the mandibular canal: report of a case (Poveda et al). 2006;102:E46-9

Craniofacial abnormalities

Difficulties in anesthetic management of patients with micrognathia: report of a patient with Stickler syndrome (Küçükyavuz et al). 2006;102:E33-6

Cuspid

The Ekman-Westborg and Julin trait: report of a case (Nemes and Alberth). 2006;102:659-62

Cyanoacrylates

Biochemical and histopathological findings of N-butyl-2-cyanoacrylate in oral surgery: an experimental study (Inal et al). 2006;102:E14-7

Cyclic GMP

Heme oxygenase-1 mediates cytoprotection against nitric oxide-induced cytotoxicity via the cGMP pathway in human pulp cells (Min et al). 2006;102:803-8

Cyclin-dependent kinase inhibitor p16

Expression of $p16^{INK4A}$, p53, and Rb proteins are independent from the presence of human papillomavirus genes in oral squamous cell carcinoma (Nemes et al). 2006;102:344-52

Overexpression of p16INK4 is a reliable marker of human papillomavirus–induced oral high-grade squamous dysplasia (Cunningham et al). 2006;102:77-81

Cyclohexanols

In vitro evaluation of macrophage viability after incubation in orange oil, eucalyptol, and chloroform (Scelza et al). 2006;102:E24-7

Cyclosporine

Lip hypertrophy secondary to cyclosporine treatment: a rare adverse effect and treatment considerations (Bhattacharyya et al). 2006;102:469-74

A randomized controlled trial to compare steroid with cyclosporine for the topical treatment of oral lichen planus (Yoke et al). 2006;102:47-55

Cysts

Congenital oral cysts in neonates: report of two cases (Mohta and Sharma). 2006;102:E36-8

Cytokines

Inflammatory cytokines correlated with clinical outcome of temporomandibular joint irrigation in patients with chronic closed lock (Hamada et al). 2006;102:596-601

D

Delirium

Perioperative management of the geriatric patient. Part III: delirium (Bergman et al). 2006;102:E13-6

Dens in dente

Dens invaginatus in an immature maxillary lateral incisor: a case report of complex endodontic treatment (Sübay and Kayataş). 2006;102:E37-41

Dens invaginatus type II: case report with 2-year radiographic follow-up (Rodekirchen et al). 2006;102:E121-5

Dens invaginatus; *see* Dens in dente

Dental amalgam

Cellular toxicity of mineral trioxide aggregate mixed with an alternative delivery vehicle (Karimjee et al). 2006;102:E115-20

Dental bonding

Microleakage evaluation of intraorifice sealing materials in endodontically treated teeth (Sauáia et al). 2006;102:242-6

Dental caries

The effect of lighting conditions on caries interpretation with a laptop computer in a clinical setting (Kutcher et al). 2006;102:537-43

Dental casting technique

Difference in alveolar molding effect and growth in the cleft segments: 3-dimensional analysis of unilateral cleft lip and palate patients (Baek and Son). 2006;102:160-8

Dental cements
Chemical analysis of powder and set forms of Portland cement, gray ProRoot MTA, white ProRoot MTA, and gray MTA-Angelus (Song et al). 2006;102:809-15
Evaluation of tissue response to MTA and Portland cement with iodoform (de Morais et al). 2006;102:417-21
Dental enamel hypoplasia
Ehlers-Danlos syndrome: classifications, oral manifestations, and dental considerations (Abel and Lee). 2006;102:582-90
Dental enamel proteins
Effects of an enamel matrix derivative on human osteoblasts and PDL cells grown in organoid cultures (Pischon et al). 2006;102:551-7
Emdogain-gel stimulates proliferation of odontoblasts and osteoblasts (Jiang et al). 2006;102:698-702
Dental hygienists
Adequacy of training in oral cancer prevention and screening as self-assessed by physicians, nurse practitioners, and dental health professionals (Patton et al). 2006;102:758-64
Dental implantation
Experimental evaluation of bone quality measuring speed of sound in cadaver mandibles (Haffar et al). 2006;102:782-91
Dental implantation, endosseous
Macroscopical, histological, and morphometric studies of porous bone-replacement materials in minipigs 8 months after implantation (Henkel et al). 2006;102:606-13
Posterior maxillary segmental osteotomy for mandibular implants placement: case report (Meningaud et al). 2006;102:E1-3
Dental implants
The effects of exposing dental implants to the maxillary sinus cavity on sinus complications (Jung et al). 2006;102:602-5
Dental instruments
Comparison in vivo of the first tapered and nontapered instruments that bind at the apical constriction (Kfir et al). 2006;102:395-8
Cyclic fatigue of different nickel-titanium endodontic rotary instruments (Tripi et al). 2006;102:E106-14
The effect of sodium hypochlorite on the surface characteristics and fatigue resistance of ProFile nickel-titanium instruments (de Castro Martins et al). 2006;102:E99-105
Extended apical enlargement with hand files versus rotary NiTi files. Part II (Bartha et al). 2006;102:692-7
Dental leakage
A comparison of four different microleakage tests for assessment of leakage of root canal fillings (Karagenç et al). 2006;102:110-3
Effects of different root canal obturation techniques on bacterial penetration (Yücel and Çiftçi). 2006;102:E88-92
Lack of correlation between ex vivo apical dye penetration and presence of apical radiolucencies (Susini et al). 2006;102:E19-23
Microleakage evaluation of intraorifice sealing materials in endodontically treated teeth (Sauáia et al). 2006;102:242-6
Dental prosthesis, implant-supported
Vertical distraction osteogenesis of fibula transplant for mandibular reconstruction: a case report (Ortakoglu et al). 2006;102:E8-11
Dental pulp
Heme oxygenase-1 mediates cytoprotection against nitric oxide-induced cytotoxicity via the cGMP pathway in human pulp cells (Min et al). 2006;102:803-8
NK and NKT cells in the rat dental pulp tissues (Kawashima et al). 2006;102:558-63
p38 Mitogen-activated protein kinases and alkaline phosphatase in human dental pulp cells (Wang et al). 2006;102:114-8
Dental pulp capping
Histologic evaluation of direct pulp capping with a self-etching adhesive and calcium hydroxide in beagles (Lu et al). 2006;102:E78-84
Immunohistochemical expression of fibronectin and tenascin after direct pulp capping with calcium hydroxide (Piva et al). 2006;102:E66-71
Dental pulp cavity
The correlation between root canal patterns and interorificial distance in mandibular first molars (Cimilli et al). 2006;102:E16-21
Effect of three nickel-titanium rotary file techniques on infected root dentin reduction (Chuste-Guillot et al). 2006;102:254-8
Effects of imaging system and exposure on accurate detection of the second mesio-buccal canal in maxillary molar teeth (Ramamurthy et al). 2006;102:796-802
Efficiency of NaOCl and laser-assisted photosensitization on the reduction of *Enterococcus faecalis* in vitro (Silva Garcez et al). 2006;102:E93-8
Enterococcus faecalis in dental root canals detected by culture and by polymerase chain reaction analysis (Gomes et al). 2006;102:247-53
Infatuated by *Enterococci* (Spångberg). 2006;102:577-8 (Editorial)
Living tissue within dead teeth is not healthy pulp (Cardoso) (Letter); (Ricucci et al) (Reply). 2006;102:142-3
Root canal microbiota of dogs' teeth with periapical lesions induced by two different methods (Ferreira et al). 2006;102:564-70
Treatment of lateral root perforation with mineral trioxide aggregate: a case report (Yildirim and Dalci). 2006;102:E55-8
The treatment of unusual foreign objects in a root canal: a case report (Özsezer et al). 2006;102:E45-7
Dental pulp diseases
Chondroid metaplasia in inflamed pulp tissue: a case report (Giardino et al). 2006;102:E42-5
Dental pulp test
Evaluation of mandibular block using a standardized method (Lai et al). 2006;102:462-8
Dental stress analysis
Cyclic fatigue of different nickel-titanium endodontic rotary instruments (Tripi et al). 2006;102:E106-14
The effect of sodium hypochlorite on the surface characteristics and fatigue resistance of ProFile nickel-titanium instruments (de Castro Martins et al). 2006;102:E99-105
Dentin-bonding agents
Histologic evaluation of direct pulp capping with a self-etching adhesive and calcium hydroxide in beagles (Lu et al). 2006;102:E78-84
Dentinogenesis imperfecta
Phenotypes and genotypes in 2 DGI families with different DSPP mutations (Song et al). 2006;102:360-74
Dentists
Adequacy of training in oral cancer prevention and screening as self-assessed by physicians, nurse practitioners, and dental health professionals (Patton et al). 2006;102:758-64
Dermoid cyst
Coexisting sublingual and submental dermoid cysts in an infant (Kim et al). 2006;102:778-81
Dextromethorphan
Dextromethorphan premedication reduced postoperative analgesic consumption in patients after oral surgery (Aoki et al). 2006;102:591-5
Diagnosis, computer-assisted
The effect of lighting conditions on caries interpretation with a laptop computer in a clinical setting (Kutcher et al). 2006;102:537-43

Diagnostic imaging
Effects of imaging system and exposure on accurate detection of the second mesio-buccal canal in maxillary molar teeth (Ramamurthy et al). 2006;102:796-802
The efficacy of magnetic resonance imaging in the diagnosis of degenerative and inflammatory temporomandibular joint disorders: a systematic literature review (Limchaichana et al). 2006;102:521-36
Diclofenac
Postoperative analgesia after lower third molar surgery: contribution of the use of long-acting local anesthetics, low-power laser, and diclofenac (Marković and Todorović). 2006;102:E4-8
Diphosphonates
Biphosphonate-related osteonecrosis of the jaw: background and guidelines for diagnosis, staging and management (Ruggiero et al). 2006;102:433-41
Bisphosphonate-associated osteonecrosis of the jaws. Report of a case and literature review (Leite et al). 2006;102:14-21
Disease management
Adequacy of training in oral cancer prevention and screening as self-assessed by physicians, nurse practitioners, and dental health professionals (Patton et al). 2006;102:758-64
Dislocations
Magnetic resonance imaging characteristics of temporomandibular joint pain during opening and biting in patients with disc displacement (Ogura). 2006;102:669-72
Short-term therapeutic outcome of intra-articular high molecular weight hyaluronic acid injection for nonreducing disc displacement of the temporomandibular joint (Yeung et al). 2006;102:453-61
DNA damage
Antimicrobial endodontic compounds do not modulate alkylation-induced genotoxicity and oxidative stress in vitro (Ribeiro et al). 2006;102:E32-6
DSPP protein, human; *see* Extracellular matrix proteins
Durapatite
Macroscopical, histological, and morphometric studies of porous bone-replacement materials in minipigs 8 months after implantation (Henkel et al). 2006;102:606-13

Delayed traumatic occular emphysema: a case report (Papadimitriou et al). 2006;102:E18-20
Maxillary calcifying epithelial odontogenic (Pindborg) tumor presenting with abnormal eye signs: case report and literature review (Bridle et al). 2006;102:E12-5
Extracellular matrix proteins
Phenotypes and genotypes in 2 DGI families with different DSPP mutations (Song et al). 2006;102:360-74

F

Facial asymmetry
3D-CT evaluation of facial asymmetry in patients with maxillofacial deformities (Maeda et al). 2006;102:382-90
Partial facial hemihyperplasia with 9 years of evolution: case report and review of the literature (da Silveira et al). 2006;102:501-5
Facial paralysis
Ramsay-Hunt syndrome with vesicular stomatitis in a 4-year-old infant (Koga et al). 2006;102:E37-9
Fever
The PFAPA syndrome in oral medicine: differential diagnosis and treatment (Pinto et al). 2006;102:35-9
Fibrin glue; *see* Fibrin tissue adhesive
Fibrin tissue adhesive
A comparative histologic analysis of tissue-engineered bone using platelet-rich plasma and platelet-enriched fibrin glue (Zhu et al). 2006;102:175-9
Fibrodysplasia ossificans progressiva; *see* Myositis ossificans
Fibroma, ossifying
Spontaneous regeneration after juvenile ossifying fibroma resection: a case report (Espinosa et al). 2006;102:E32-5
Fibronectin
Immunohistochemical expression of fibronectin and tenascin after direct pulp capping with calcium hydroxide (Piva et al). 2006;102:E66-71
Fibula
Vertical distraction osteogenesis of fibula transplant for mandibular reconstruction: a case report (Ortakoglu et al). 2006;102:E8-11
First molar; *see* Molar
Fluconazole
Correlation between adhesion, enzyme production, and susceptibility to fluconazole in *Candida albicans* obtained from denture wearers (Lyon and de Resende). 2006;102:632-8
Fluorescence
In vivo tetracycline labeling of bone—an intraoperative aid in the surgical therapy of osteoradionecrosis of the mandible (Pautke et al). 2006;102:E10-3
Foreign bodies
The treatment of unusual foreign objects in a root canal: a case report (Özsezer et al). 2006;102:E45-7
Formocresols
Evaluation of the formocresol versus mineral trioxide aggregate primary molar pulpotomy. A meta-analysis (Peng et al). 2006;102:E40-4
Fractals
Pixel intensity and fractal analyses: detecting osteoporosis in perimenopausal and postmenopausal women by using digital panoramic images (Tosoni et al). 2006;102:235-41
Fuji II; *see* Glass ionomer cements
Fused teeth
Endodontic treatment of an unusual connation of permanent mandibular molars: a case report (Liu et al). 2006;102:E72-7

G

Gastric neoplasms
Gastric signet-ring cell adenocarcinoma metastatic to the gingiva: a case report (Kwon et al). 2006;102:62-6
Genes, tumor suppressor
Expression of $p16^{INK4A}$, p53, and Rb proteins are independent from the presence of human papillomavirus genes in oral squamous cell carcinoma (Nemes et al). 2006;102:344-52
Genetic diseases, inborn
Osteomyelitis of the mandible associated with autosomal dominant osteopetrosis: a case report (Albuquerque et al). 2006;102:94-8
Genetic predisposition to disease
Familial oral lichen planus: presentation of six families (Bermejo-Fenoll and López-Jornet). 2006;102:E12-5
Genotoxicity; *see* DNA damage
Geriatrics
Perioperative management of the geriatric patient. Part I: respiratory system (Bergman et al). 2006;102:E1-6
Perioperative management of the geriatric patient. Part II: cardiovascular system (Bergman et al). 2006;102:E7-12
Perioperative management of the geriatric patient. Part III: delirium (Bergman et al). 2006;102:E13-6
Giant cell granuloma; *see* Granuloma, giant cell
Gingival diseases
Darier disease affecting the gingival and oral mucosal surfaces (Frezzini et al). 2006;102:E29-33
Gingival hemorrhage
Ehlers-Danlos syndrome: classifications, oral manifestations, and dental considerations (Abel and Lee). 2006;102:582-90
Gingival neoplasms
Gastric signet-ring cell adenocarcinoma metastatic to the gingiva: a case report (Kwon et al). 2006;102:62-6
A nodular mass of the anterior palatal gingiva (Kintarak et al). 2006;102:3-6
Glass ionomer cements
Biocompatibility of furcal perforation repair material using cell culture technique: Ketac molar versus ProRoot MTA (Vajrabhaya et al). 2006;102:E48-50
Cellular toxicity of mineral trioxide aggregate mixed with an alternative delivery vehicle (Karimjee et al). 2006;102:E115-20
Glycerol
Cellular toxicity of mineral trioxide aggregate mixed with an alternative delivery vehicle (Karimjee et al). 2006;102:E115-20
Gram-negative bacterial infections
Catonella morbi and *Granulicatella adiacens:* new species in endodontic infections (Siqueira et al). 2006;102:259-64
Granular cell tumor
Granular cell leiomyoma of the oral cavity (Bhattacharyya et al). 2006;102:353-9
Granulicatella adiacens
Catonella morbi and *Granulicatella adiacens:* new species in endodontic infections (Siqueira et al). 2006;102:259-64
Granuloma, giant cell
Clinically aggresive central giant cell granulomas in two patients with neurofibromatosis 1 (Edwards et al). 2006;102:765-72
Gutta-percha
Antimicrobial effect, in vitro, of gutta-percha points containing root canal medications against yeasts and *Enterococcus faecalis* (Öztan et al). 2006;102:410-6

H

HAART; *see* Antiretroviral therapy, highly active
Habits
Oral habits and their association with signs and symptoms of

temporomandibular disorders in adolescents: a gender comparison (Winocur et al). 2006;102:482-7

Heart arrest

Vasovagal syncope with asystole associated with intravenous access (Wakita et al). 2006;102:E28-32

Heat

Brain activity during stimulation of the trigeminal nerve with noxious heat (Leeuw et al). 2006;102:750-7

Hemangioma

Condylar hemangioma: report of a case and review of the literature (Alves et al). 2006;102:E23-7

Heme oxygenase-1

Heme oxygenase-1 mediates cytoprotection against nitric oxide-induced cytotoxicity via the cGMP pathway in human pulp cells (Min et al). 2006;102:803-8

Herpesvirus 4, human

Monomorphic Epstein-Barr virus (EBV)-associated large B-cell posttransplant lymphoproliferative disorder presenting as a tongue ulcer in a pancreatic transplant patient (Bruce et al). 2006;102:E24-8

Herpes zoster oticus

Ramsay-Hunt syndrome with vesicular stomatitis in a 4-year-old infant (Koga et al). 2006;102:E37-9

Histiocytosis, sinus

Rosai- Dorfman disease of the mandible (Alawi et al). 2006;102:506-12

HIV infections

Salivary gland function in HIV-infected patients treated with highly active antiretroviral therapy (HAART) (Lin et al). 2006;102:318-24

HIV seropositivity

Oral bowenoid papulosis in an HIV-positive male (Cox et al) (Letter); (Rinaggio et al) (Reply). 2006;102:431-2

Hospitalization

Third molar complications requiring hospitalization (Kunkel et al). 2006;102:300-6

Human papillomavirus; *see* Papillomavirus, human

Hyaluronic acid

Short-term therapeutic outcome of intra-articular high molecular weight hyaluronic acid injection for nonreducing disc displacement of the temporomandibular joint (Yeung et al). 2006;102:453-61

Hydrocarbons, iodinated

Evaluation of tissue response to MTA and Portland cement with iodoform (de Morais et al). 2006;102:417-21

Hyperplasia

Partial facial hemihyperplasia with 9 years of evolution: case report and review of the literature (da Silveira et al). 2006;102:501-5

Hypertrophy

Bilateral temporalis muscle hypertrophy: a case report (Da Silva and Mandel). 2006;102:E1-3

Lip hypertrophy secondary to cyclosporine treatment: a rare adverse effect and treatment considerations (Bhattacharyya et al). 2006;102:469-74

Hypesthesia

A new evaluation method for neurosensory disturbance in the chin of patients undergoing mandibular sagittal split ramus osteotomy: an application of the heat flux technique (Kabasawa et al). 2006;102:719-24

Hypothyroidism

Thyroid disorders. Part II: hypothyroidism and thyroiditis (Little). 2006;102:148-53

I

Ibuprofen

The efficacy comparison of ibuprofen, acetaminophen-codeine, and placebo premedication therapy on the depth of anesthesia during treatment of inflamed teeth (Modaresi et al). 2006;102:399-403

Image enhancement

How does signal fade on photo-stimulable storage phosphor imaging plates when scanned with a delay and what is the effect on image quality (Ang et al). 2006;102:673-9

Imaging, three dimensional

3D-CT evaluation of facial asymmetry in patients with maxillofacial deformities (Maeda et al). 2006;102:382-90

Incisor

Dens invaginatus in an immature maxillary lateral incisor: a case report of complex endodontic treatment (Sübay and Kayataş). 2006;102:E37-41

Dens invaginatus type II: case report with 2-year radiographic follow-up (Rodekirchen et al). 2006;102:E121-5

The Ekman-Westborg and Julin trait: report of a case (Nemes and Alberth). 2006;102:659-62

Spontaneous re-eruption of intruded permanent incisors: five case reports (Şaroğlu et al). 2006;102:E60-5

Treatment of lateral root perforation with mineral trioxide aggregate: a case report (Yildirim and Dalci). 2006;102:E55-8

The treatment of unusual foreign objects in a root canal: a case report (Özsezer et al). 2006;102:E45-7

Infant

Coexisting sublingual and submental dermoid cysts in an infant (Kim et al). 2006;102:778-81

Melanotic neuroectodermal tumor of infancy: systematic review of the literature and presentation of a case (Kruse-Lösler et al). 2006;102:204-16

Infant, newborn

Congenital oral cysts in neonates: report of two cases (Mohta and Sharma). 2006;102:E36-8

Inferior alveolar nerve; *see* Mandibular nerve

Inflammation

Chondroid metaplasia in inflamed pulp tissue: a case report (Giardino et al). 2006;102:E42-5

The efficacy of magnetic resonance imaging in the diagnosis of degenerative and inflammatory temporomandibular joint disorders: a systematic literature review (Limchaichana et al). 2006;102:521-36

Injections

Is permanent maxillary tooth removal without palatal injection possible? (Uckan et al). 2006;102:733-5

Injections, intra-articular

Short-term therapeutic outcome of intra-articular high molecular weight hyaluronic acid injection for nonreducing disc displacement of the temporomandibular joint (Yeung et al). 2006;102:453-61

Interleukins

Inflammatory cytokines correlated with clinical outcome of temporomandibular joint irrigation in patients with chronic closed lock (Hamada et al). 2006;102:596-601

Intraoperative care

In vivo tetracycline labeling of bone—an intraoperative aid in the surgical therapy of osteoradionecrosis of the mandible (Pautke et al). 2006;102:E10-3

Intubation, gastrointestinal

Cervical pharyngostomy: an alternative approach to enteral feeding (Patil et al). 2006;102:736-40

Iodoform; *see* Hydrocarbons, iodinated

Irrigation
Inflammatory cytokines correlated with clinical outcome of temporomandibular joint irrigation in patients with chronic closed lock (Hamada et al). 2006;102:596-601

J

Jaw
Assessment of bone segmentation quality of cone-beam CT versus multislice spiral CT: a pilot study (Loubele et al). 2006;102:225-34
Jaw abnormalities
Congenital fusion of the maxilla and mandible: brief case report (Shams et al). 2006;102:E1-3
Jaw diseases
Biphosphonate-related osteonecrosis of the jaw: background and guidelines for diagnosis, staging and management (Ruggiero et al). 2006;102:433-41
Bisphosphonate-associated osteonecrosis of the jaws. Report of a case and literature review (Leite et al). 2006;102:14-21
Jaw neoplasms
Osteoblastoma of the maxilla and mandible: a report of 24 cases, review of the literature, and discussion of its relationship to osteoid osteoma of the jaws (Jones et al). 2006;102:639-50
Joint instability
Ehlers-Danlos syndrome: classifications, oral manifestations, and dental considerations (Abel and Lee). 2006;102:582-90

K

Keratin
Cytokeratin expression in initial oral mucositis of head and neck irradiated patients (Bonan et al). 2006;101:205-11. Correction. 2006;102:710
Keratocysts; *see* Odontogenic cysts
Keratosis follicularis
Darier disease affecting the gingival and oral mucosal surfaces (Frezzini et al). 2006;102:E29-33
Ketac molar; *see* Glass ionomer cements
Kidney function tests
Biochemical and histopathological findings of N-butyl-2-cyanoacrylate in oral surgery: an experimental study (Inal et al). 2006;102:E14-7
Killer cells, natural
NK and NKT cells in the rat dental pulp tissues (Kawashima et al). 2006;102:558-63
Kimura disease; *see* Angiolymphoid hyperplasia with eosinophilia
K-Y jelly; *see* Cellulose; Glycerol; Phosphates; Propylene glycols

L

Larynx artificial
Candida albicans binds to saliva proteins selectively adsorbed to silicone (Holmes et al). 2006;102:488-94
Lasers
Efficiency of NaOCl and laser-assisted photosensitization on the reduction of *Enterococcus faecalis* in vitro (Silva Garcez et al). 2006;102:E93-8
Postoperative analgesia after lower third molar surgery: contribution of the use of long-acting local anesthetics, low-power laser, and diclofenac (Marković and Todorović). 2006;102:E4-8
Leiomyoma
Granular cell leiomyoma of the oral cavity (Bhattacharyya et al). 2006;102:353-9
Leiomyosarcoma
Parotid gland leiomyosarcoma in a child: an extremely unusual problem (Sethi et al). 2006;102:82-4
Letters to the Editor
Calcified carotid artery atheroma (CCAA) localization on panoramic radiographs (Mupparapu) (Letter); (Kamikawa) (Reply). 2006;102:579-81
Living tissue within dead teeth is not healthy pulp (Cardoso) (Letter); (Ricucci et al) (Reply). 2006;102:142-3
MTA and IRM as root-end filling materials in endodontic surgery (Dietrich) (Letter); (Lindeboom) (Reply). 2006;102:143-5
Oral bowenoid papulosis in an HIV-positive male (Cox et al) (Letter); (Rinaggio et al) (Reply). 2006;102:431-2
Regarding: Editorial "Mastery through surgical repetition" (Curran). 2006;102:141-2
Reproducible precision does not necessarily mean validity (Farman) (Letter); (Miloro) (Reply). 2006;102:145-7
Leukoplakia, oral
Clinicopathologic aspects of oral leukoplakia in smokers and nonsmokers (Diniz-Freitas et al). 2006;102:199-203
Lichen planus, oral
Familial oral lichen planus: presentation of six families (Bermejo-Fenoll and López-Jornet). 2006;102:E12-5
A randomized controlled trial to compare steroid with cyclosporine for the topical treatment of oral lichen planus (Yoke et al). 2006;102:47-55
Tacrolimus powder in Orabase 0.1% for the treatment of oral lichen planus and oral lichenoid lesions: an open clinical trial (Lozada-Nur and Sroussi). 2006;102:744-9
Lighting
The effect of lighting conditions on caries interpretation with a laptop computer in a clinical setting (Kutcher et al). 2006;102:537-43
Lingual nerve
Permanent sensory nerve impairment following third molar surgery: a prospective study (Jerjes et al). 2006;102:E1-7
Lip diseases
Lip hypertrophy secondary to cyclosporine treatment: a rare adverse effect and treatment considerations (Bhattacharyya et al). 2006;102:469-74
Lip neoplasms
Bilateral canalicular adenomas of the upper lip (Yoon et al). 2006;102:341-3
Lithiasis
Bilateral tonsillolithiasis: a case report (Özcan et al). 2006;102:E17-8
Liver abscess
Case report: brain and liver abscesses caused by oral infection with *Streptococcus intermedius* (Wagner et al). 2006;102:E21-3
Liver function tests
Biochemical and histopathological findings of N-butyl-2-cyanoacrylate in oral surgery: an experimental study (Inal et al). 2006;102:E14-7
Local anesthesia; *see* Anesthesia, local
Lymphadenitis
The PFAPA syndrome in oral medicine: differential diagnosis and treatment (Pinto et al). 2006;102:35-9
Lymphangioma
The treatment of lymphangioma in the buccal mucosa by radiofrequency ablation: a case report (Bozkaya et al). 2006;102:E28-31
Lymphocytes
Genotoxicity in primary human peripheral lymphocytes after exposure to regular and white mineral trioxide aggregate (da Silva et al). 2006;102:E50-4
Lymphoma, B-cell
Case report: B-cell lymphoma of the maxillary sinus (Yepes et al). 2006;102:792-5

Monomorphic Epstein-Barr virus (EBV)-associated large B-cell posttransplant lymphoproliferative disorder presenting as a tongue ulcer in a pancreatic transplant patient (Bruce et al). 2006;102:E24-8

M

Macrophages, peritoneal
In vitro evaluation of macrophage viability after incubation in orange oil, eucalyptol, and chloroform (Scelza et al). 2006;102:E24-7

Magnetic resonance imaging
Assessment of the reliability and validity of panoramic imaging for assessment of mandibular condyle morphology using both MRI and clinical examination as the gold standard (Schmitter et al). 2006;102:220-4
The efficacy of magnetic resonance imaging in the diagnosis of degenerative and inflammatory temporomandibular joint disorders: a systematic literature review (Limchaichana et al). 2006;102:521-36
Magnetic resonance imaging characteristics of temporomandibular joint pain during opening and biting in patients with disc displacement (Ogura). 2006;102:669-72
Temporomandibular joint osteochondritis dissecans: case report (Orhan et al). 2006;102:E41-6

Mandible
Bridging mandibular continuity defects with miniplates: an experimental study (Huh et al). 2006;102:307-11
Central neurilemmoma of the jaw in concurrence with radicular cyst: a case report (Pimkhaokham et al). 2006;102:E34-6
Clinically aggresive central giant cell granulomas in two patients with neurofibromatosis 1 (Edwards et al). 2006;102:765-72
Commentary to "Panoramic radiographic predictors of mandibular third molar eruption" (Precious). 2006;102:159
Congenital fusion of the maxilla and mandible: brief case report (Shams et al). 2006;102:E1-3
The correlation between root canal patterns and interorificial distance in mandibular first molars (Cimilli et al). 2006;102:E16-21
Endodontic treatment of an unusual connation of permanent mandibular molars: a case report (Liu et al). 2006;102:E72-7
Experimental evaluation of bone quality measuring speed of sound in cadaver mandibles (Haffar et al). 2006;102:782-91
Influence of lower third molar position on the incidence of preoperative complications (Almendros-Marqués et al). 2006;102:725-32
Intentional replantation of a mandibular molar: case report and 14-year follow-up (Herrera et al). 2006;102:E85-7
Labiomandibular paresthesia caused by endodontic treatment: an anatomic and clinical study (Tilotta-Yasukawa et al). 2006;102:E47-59
Mandibular morphological changes in low bone mass edentulous females: evaluation of panoramic radiographs (Dutra et al). 2006;102:663-8
Mental nerve paresthesia associated with endodontic paste within the mandibular canal: report of a case (Poveda et al). 2006;102:E46-9
Minor complications after mandibular third molar surgery: type, incidence, and possible prevention (Kim et al). 2006;102:E4-11
Osteomyelitis with proliferative periostitis: an unusual case (Tong et al). 2006;102:E14-9
Panoramic radiographic predictors of mandibular third molar eruption (Niedzielska et al). 2006;102:154-8
Posterior maxillary segmental osteotomy for mandibular implants placement: case report (Meningaud et al). 2006;102:E1-3
Postoperative analgesia after lower third molar surgery: contribution of the use of long-acting local anesthetics, low-power laser, and diclofenac (Marković and Todorović). 2006;102:E4-8
Unexpected breakage of mandibular midline distraction device: case report (Uckan et al). 2006;102:E21-5
In vivo tetracycline labeling of bone—an intraoperative aid in the surgical therapy of osteoradionecrosis of the mandible (Pautke et al). 2006;102:E10-3

Mandibular condyle
Assessment of the reliability and validity of panoramic imaging for assessment of mandibular condyle morphology using both MRI and clinical examination as the gold standard (Schmitter et al). 2006;102:220-4
Condylar hemangioma: report of a case and review of the literature (Alves et al). 2006;102:E23-7
Intrusion of the mandibular condyle into the middle cranial fossa: case report and review of the literature (Rosa et al). 2006;102:E4-7

Mandibular diseases
Management of mandibular vascular formation with sclerotherapy. Report of two cases (Hassani et al). 2006;102:99-103
Osteomyelitis of the mandible associated with autosomal dominant osteopetrosis: a case report (Albuquerque et al). 2006;102:94-8
Rosai- Dorfman disease of the mandible (Alawi et al). 2006;102:506-12

Mandibular fractures
Do pathologies associated with impacted lower third molars justify prophylactic removal? A critical review of the literature (Adeyemo). 2006;102:448-52

Mandibular injuries
Intrusion of the mandibular condyle into the middle cranial fossa: case report and review of the literature (Rosa et al). 2006;102:E4-7

Mandibular neoplasms
Condylar hemangioma: report of a case and review of the literature (Alves et al). 2006;102:E23-7
Osteoblastoma of the maxilla and mandible: a report of 24 cases, review of the literature, and discussion of its relationship to osteoid osteoma of the jaws (Jones et al). 2006;102:639-50

Mandibular nerve
Evaluation of mandibular block using a standardized method (Lai et al). 2006;102:462-8
A new evaluation method for neurosensory disturbance in the chin of patients undergoing mandibular sagittal split ramus osteotomy: an application of the heat flux technique (Kabasawa et al). 2006;102:719-24
Permanent sensory nerve impairment following third molar surgery: a prospective study (Jerjes et al). 2006;102:E1-7

Mandibular prosthesis
Bridging mandibular continuity defects with miniplates: an experimental study (Huh et al). 2006;102:307-11

Masseter muscle
Intramuscular vascular malformation of the masseter muscle presenting with turkey wattle sign (Rai et al). 2006;102:618-24, 618.E1-9

Materials testing
Evaluation of tissue response to MTA and Portland cement with iodoform (de Morais et al). 2006;102:417-21
The monocortical critical size bone defect as an alternative experimental model in testing bone substitute materials (Schlegel et al). 2006;102:7-13

Matrix metalloproteinases
Expression of matrix metalloproteinases and aggrecanase in the synovial fluids of patients with symptomatic temporomandibular disorders (Yoshida et al). 2006;102:22-7

Maxilla
Congenital fusion of the maxilla and mandible: brief case report (Shams et al). 2006;102:E1-3
Dens invaginatus in an immature maxillary lateral incisor: a case report of complex endodontic treatment (Sübay and Kayataş). 2006;102:E37-41
Effects of imaging system and exposure on accurate detection of the second mesio-buccal canal in maxillary molar teeth (Ramamurthy et al). 2006;102:796-802
Is permanent maxillary tooth removal without palatal injection possible? (Uckan et al). 2006;102:733-5
Posterior maxillary segmental osteotomy for mandibular implants placement: case report (Meningaud et al). 2006;102:E1-3
Subperiosteal abscess of the orbit: an unusual complication of the third molar surgery (Muñoz-Guerra et al). 2006;102:E9-13
Treatment of lateral root perforation with mineral trioxide aggregate: a case report (Yildirim and Dalci). 2006;102:E55-8
The treatment of unusual foreign objects in a root canal: a case report (Özsezer et al). 2006;102:E45-7
Maxillary distraction; *see* Osteogenesis, distraction
Maxillary fractures
Epidemiological analysis of maxillofacial fractures in Brazil: a 5-year prospective study (Brasileiro and Passeri). 2006;102:28-34
Mucociliary clearance and sense of smell following management of Le Fort maxilla fractures (Niedzielska et al). 2006;102:287-91
Maxillary neoplasms
Cystic variant of calcifying epithelial odontogenic tumor (Gopalakrishnan et al). 2006;102:773-7
Maxillary calcifying epithelial odontogenic (Pindborg) tumor presenting with abnormal eye signs: case report and literature review (Bridle et al). 2006;102:E12-5
Osteoblastoma of the maxilla and mandible: a report of 24 cases, review of the literature, and discussion of its relationship to osteoid osteoma of the jaws (Jones et al). 2006;102:639-50
Maxillary sinus
Correlation between maxillary sinus floor topography and related root position of posterior teeth using panoramic and cross-sectional computed tomography imaging (Sharan et al). 2006;102:375-81
The effects of exposing dental implants to the maxillary sinus cavity on sinus complications (Jung et al). 2006;102:602-5
Maxillary sinus neoplasms
Case report: B-cell lymphoma of the maxillary sinus (Yepes et al). 2006;102:792-5
Malignant mucosal melanoma of the right maxillary sinus: a case report (Athey et al). 2006;102:E20-2
Osteoma of maxillary sinus—a case report (Park and Kim). 2006;102:E26-7
Maxillofacial abnormalities
3D-CT evaluation of facial asymmetry in patients with maxillofacial deformities (Maeda et al). 2006;102:382-90
Maxillofacial development
Long-term maxillomandibular skeletal and dental changes in children with cleft lip and palate after maxillary distraction (Harada et al). 2006;102:292-9
Maxillofacial injuries
Epidemiological analysis of maxillofacial fractures in Brazil: a 5-year prospective study (Brasileiro and Passeri). 2006;102:28-34
Melanoma
Malignant mucosal melanoma of the right maxillary sinus: a case report (Athey et al). 2006;102:E20-2
Melanotic neuroectodermal tumor; *see* Neuroectodermal tumor, melanotic
Mepivacaine
Articaine and mepivacaine efficacy in postoperative analgesia for lower third molar removal: a double-blind randomized, crossover study (Colombini et al). 2006;102:169-74
Metaplasia
Chondroid metaplasia in inflamed pulp tissue: a case report (Giardino et al). 2006;102:E42-5
Methylene blue
Lack of correlation between ex vivo apical dye penetration and presence of apical radiolucencies (Susini et al). 2006;102:E19-23
Microcomputers
The effect of lighting conditions on caries interpretation with a laptop computer in a clinical setting (Kutcher et al). 2006;102:537-43
Microleakage; *see* Dental leakage
Midazolam
Cardiovascular effects of epinephrine under sedation with nitrous oxide, propofol, or midazolam (Niwa et al). 2006;102:E1-9
Mineral trioxide aggregate
Biocompatibility of furcal perforation repair material using cell culture technique: Ketac molar versus ProRoot MTA (Vajrabhaya et al). 2006;102:E48-50
Cellular toxicity of mineral trioxide aggregate mixed with an alternative delivery vehicle (Karimjee et al). 2006;102:E115-20
Chemical analysis of powder and set forms of Portland cement, gray ProRoot MTA, white ProRoot MTA, and gray MTA-Angelus (Song et al). 2006;102:809-15
Evaluation of the formocresol versus mineral trioxide aggregate primary molar pulpotomy. A meta-analysis (Peng et al). 2006;102:E40-4
Evaluation of tissue response to MTA and Portland cement with iodoform (de Morais et al). 2006;102:417-21
Genotoxicity in primary human peripheral lymphocytes after exposure to regular and white mineral trioxide aggregate (da Silva et al). 2006;102:E50-4
MTA and IRM as root-end filling materials in endodontic surgery (Dietrich) (Letter); (Lindeboom) (Reply). 2006;102:143-5
Treatment of lateral root perforation with mineral trioxide aggregate: a case report (Yildirim and Dalci). 2006;102:E55-8
Molar
The correlation between root canal patterns and interorificial distance in mandibular first molars (Cimilli et al). 2006;102:E16-21
Effects of imaging system and exposure on accurate detection of the second mesio-buccal canal in maxillary molar teeth (Ramamurthy et al). 2006;102:796-802
The Ekman-Westborg and Julin trait: report of a case (Nemes and Alberth). 2006;102:659-62
Endodontic treatment of an unusual connation of permanent mandibular molars: a case report (Liu et al). 2006;102:E72-7
Evaluation of the formocresol versus mineral trioxide aggregate primary molar pulpotomy. A meta-analysis (Peng et al). 2006;102:E40-4
Intentional replantation of a mandibular molar: case report and 14-year follow-up (Herrera et al). 2006;102:E85-7
Prevalence of root dilaceration in adult dental patients in Croatia (Malcic et al). 2006;102:104-9
Molar, third
Articaine and mepivacaine efficacy in postoperative analgesia for lower third molar removal: a double-blind randomized, crossover study (Colombini et al). 2006;102:169-74
Commentary to "Panoramic radiographic predictors of mandibular third molar eruption" (Precious). 2006;102:159

Do pathologies associated with impacted lower third molars justify prophylactic removal? A critical review of the literature (Adeyemo). 2006;102:448-52
The effects of tramadol added to articaine on anesthesia duration (Pozos et al). 2006;102:614-7
Influence of lower third molar position on the incidence of preoperative complications (Almendros-Marqués et al). 2006;102:725-32
Minor complications after mandibular third molar surgery: type, incidence, and possible prevention (Kim et al). 2006;102:E4-11
Panoramic radiographic predictors of mandibular third molar eruption (Niedzielska et al). 2006;102:154-8
Permanent sensory nerve impairment following third molar surgery: a prospective study (Jerjes et al). 2006;102:E1-7
Postoperative analgesia after lower third molar surgery: contribution of the use of long-acting local anesthetics, low-power laser, and diclofenac (Marković and Todorović). 2006;102:E4-8
Reproducible precision does not necessarily mean validity (Farman) (Letter); (Miloro) (Reply). 2006;102:145-7
Subperiosteal abscess of the orbit: an unusual complication of the third molar surgery (Muñoz-Guerra et al). 2006;102:E9-13
Third molar complications requiring hospitalization (Kunkel et al). 2006;102:300-6

Monomorphic adenoma; *see* Adenoma

Monoterpenes
In vitro evaluation of macrophage viability after incubation in orange oil, eucalyptol, and chloroform (Scelza et al). 2006;102:E24-7

Mouth, edentulous
Mandibular morphological changes in low bone mass edentulous females: evaluation of panoramic radiographs (Dutra et al). 2006;102:663-8

Mouth diseases
Case report: brain and liver abscesses caused by oral infection with *Streptococcus intermedius* (Wagner et al). 2006;102:E21-3
Congenital oral cysts in neonates: report of two cases (Mohta and Sharma). 2006;102:E36-8

Mouth mucosa
Darier disease affecting the gingival and oral mucosal surfaces (Frezzini et al). 2006;102:E29-33
Malignant mucosal melanoma of the right maxillary sinus: a case report (Athey et al). 2006;102:E20-2

Mouth neoplasms
Expression of p16^{INK4A}, p53, and Rb proteins are independent from the presence of human papillomavirus genes in oral squamous cell carcinoma (Nemes et al). 2006;102:344-52
Granular cell leiomyoma of the oral cavity (Bhattacharyya et al). 2006;102:353-9
Oral bowenoid papulosis in an HIV-positive male (Cox et al) (Letter); (Rinaggio et al) (Reply). 2006;102:431-2
Oral squamous cell carcinoma: review of prognostic and predictive factors (Massano et al). 2006;102:67-76
Overexpression of p16INK4 is a reliable marker of human papillomavirus–induced oral high-grade squamous dysplasia (Cunningham et al). 2006;102:77-81
Pain complaint as the first symptom of oral cancer: a descriptive study (Cuffari et al). 2006;102:56-61
Prevention and early detection of oral and pharyngeal cancer in veterans (Kim et al). 2006;102:625-31
A reason for the use of toluidine blue staining in the presurgical management of patients with oral squamous cell carcinomas (Missmann et al). 2006;102:741-3
The treatment of lymphangioma in the buccal mucosa by radiofrequency ablation: a case report (Bozkaya et al). 2006;102:E28-31

MTA; *see* Mineral trioxide aggregate

Mucociliary clearance
Mucociliary clearance and sense of smell following management of Le Fort maxilla fractures (Niedzielska et al). 2006;102:287-91

Mutation
Phenotypes and genotypes in 2 DGI families with different DSPP mutations (Song et al). 2006;102:360-74

Myositis ossificans
Severe limitation in jaw movement in a patient with fibrodysplasia ossificans progressiva: a case report (Sendur et al). 2006;102:312-7

N

Neoplasm metastasis
Gastric signet-ring cell adenocarcinoma metastatic to the gingiva: a case report (Kwon et al). 2006;102:62-6

Neoplasms
Do pathologies associated with impacted lower third molars justify prophylactic removal? A critical review of the literature (Adeyemo). 2006;102:448-52

Neoplasm staging
Pain complaint as the first symptom of oral cancer: a descriptive study (Cuffari et al). 2006;102:56-61

Nerve block
Evaluation of mandibular block using a standardized method (Lai et al). 2006;102:462-8

Neurilemmoma
Central neurilemmoma of the jaw in concurrence with radicular cyst: a case report (Pimkhaokham et al). 2006;102:E34-6

Neuroectodermal tumor, melanotic
Melanotic neuroectodermal tumor of infancy: systematic review of the literature and presentation of a case (Kruse-Lösler et al). 2006;102:204-16

Neurofibromatosis 1
Clinically aggresive central giant cell granulomas in two patients with neurofibromatosis 1 (Edwards et al). 2006;102:765-72

Nevoid basal cell carcinoma syndrome; *see* Basal cell nevus syndrome

NF-kappa B
Receptor activator NFκB-ligand and osteoprotegerin protein expression in human periapical cysts and granulomas (Menezes et al). 2006;102:404-9

Nickel
Cyclic fatigue of different nickel-titanium endodontic rotary instruments (Tripi et al). 2006;102:E106-14
The effect of sodium hypochlorite on the surface characteristics and fatigue resistance of ProFile nickel-titanium instruments (de Castro Martins et al). 2006;102:E99-105
Effect of three nickel-titanium rotary file techniques on infected root dentin reduction (Chuste-Guillot et al). 2006;102:254-8
Extended apical enlargement with hand files versus rotary NiTi files. Part II (Bartha et al). 2006;102:692-7

Nitrous oxide
Cardiovascular effects of epinephrine under sedation with nitrous oxide, propofol, or midazolam (Niwa et al). 2006;102:E1-9
Heme oxygenase-1 mediates cytoprotection against nitric oxide-induced cytotoxicity via the cGMP pathway in human pulp cells (Min et al). 2006;102:803-8

Nucleolus organizer region
A study of the utility of silver nucleolar organizer regions in categorization and prognosis of salivary gland tumors (Adeyemi et al). 2006;102:513-20

Nurse practitioners
Adequacy of training in oral cancer prevention and screening as

self-assessed by physicians, nurse practitioners, and dental health professionals (Patton et al). 2006;102:758-64

O

Odontoblasts
Emdogain-gel stimulates proliferation of odontoblasts and osteoblasts (Jiang et al). 2006;102:698-702

Odontogenic cysts
Odontogenic keratocyst and uterus bicornis in nevoid basal cell carcinoma syndrome: case report and literature review (Ramaglia et al). 2006;102:217-9

Odontogenic tumors
Cystic variant of calcifying epithelial odontogenic tumor (Gopalakrishnan et al). 2006;102:773-7
Maxillary calcifying epithelial odontogenic (Pindborg) tumor presenting with abnormal eye signs: case report and literature review (Bridle et al). 2006;102:E12-5

Oral cancer; *see* Mouth neoplasms

Oral cavity; *see* Mouth

Oral health
Salivary gland function in HIV-infected patients treated with highly active antiretroviral therapy (HAART) (Lin et al). 2006;102:318-24

Oral lichen planus; *see* Lichen planus, oral

Oral medicine
The World Workshop on Oral Medicine IV–potential impact on future research and patient management (Greenberg). 2006;102:1-2 (Editorial)

Oral surgical procedures
Advanced Endodontics: Clinical Retreatment and Surgery by John S. Rhodes, BDS, MSC (Gatewood). 2006;102:703-4 (Book review)
Biochemical and histopathological findings of N-butyl-2-cyanoacrylate in oral surgery: an experimental study (Inal et al). 2006;102:E14-7
Clinically aggresive central giant cell granulomas in two patients with neurofibromatosis 1 (Edwards et al). 2006;102:765-72
Dextromethorphan premedication reduced postoperative analgesic consumption in patients after oral surgery (Aoki et al). 2006;102:591-5
Influence of lower third molar position on the incidence of preoperative complications (Almendros-Marqués et al). 2006;102:725-32
Permanent sensory nerve impairment following third molar surgery: a prospective study (Jerjes et al). 2006;102:E1-7
Postoperative analgesia after lower third molar surgery: contribution of the use of long-acting local anesthetics, low-power laser, and diclofenac (Marković and Todorović). 2006;102:E4-8
Regarding: Editorial "Mastery through surgical repetition" (Curran). 2006;102:141-2 (Letter)
Subperiosteal abscess of the orbit: an unusual complication of the third molar surgery (Muñoz-Guerra et al). 2006;102:E9-13
Treatment of lateral root perforation with mineral trioxide aggregate: a case report (Yildirim and Dalci). 2006;102:E55-8
In vivo tetracycline labeling of bone—an intraoperative aid in the surgical therapy of osteoradionecrosis of the mandible (Pautke et al). 2006;102:E10-3

Oral ulcer
Tacrolimus powder in Orabase 0.1% for the treatment of oral lichen planus and oral lichenoid lesions: an open clinical trial (Lozada-Nur and Sroussi). 2006;102:744-9

Orange oil; *see* plant oils

Orbital diseases
Subperiosteal abscess of the orbit: an unusual complication of the third molar surgery (Muñoz-Guerra et al). 2006;102:E9-13

Orbital fractures
Delayed traumatic occular emphysema: a case report (Papadimitriou et al). 2006;102:E18-20
Individual preformed titanium meshes for orbital fractures (Metzger et al). 2006;102:442-7

Organoids
Effects of an enamel matrix derivative on human osteoblasts and PDL cells grown in organoid cultures (Pischon et al). 2006;102:551-7

Oropharyngeal neoplasms
Adequacy of training in oral cancer prevention and screening as self-assessed by physicians, nurse practitioners, and dental health professionals (Patton et al). 2006;102:758-64
Prevention and early detection of oral and pharyngeal cancer in veterans (Kim et al). 2006;102:625-31

Osteoblastoma
Osteoblastoma of the maxilla and mandible: a report of 24 cases, review of the literature, and discussion of its relationship to osteoid osteoma of the jaws (Jones et al). 2006;102:639-50

Osteoblasts
Effects of an enamel matrix derivative on human osteoblasts and PDL cells grown in organoid cultures (Pischon et al). 2006;102:551-7
Emdogain-gel stimulates proliferation of odontoblasts and osteoblasts (Jiang et al). 2006;102:698-702

Osteochondritis dissecans
Temporomandibular joint osteochondritis dissecans: case report (Orhan et al). 2006;102:E41-6

Osteogenesis
A comparative histologic analysis of tissue-engineered bone using platelet-rich plasma and platelet-enriched fibrin glue (Zhu et al). 2006;102:175-9
Macroscopical, histological, and morphometric studies of porous bone-replacement materials in minipigs 8 months after implantation (Henkel et al). 2006;102:606-13

Osteogenesis, distraction
Long-term maxillomandibular skeletal and dental changes in children with cleft lip and palate after maxillary distraction (Harada et al). 2006;102:292-9
Unexpected breakage of mandibular midline distraction device: case report (Uckan et al). 2006;102:E21-5
Vertical distraction osteogenesis of fibula transplant for mandibular reconstruction: a case report (Ortakoglu et al). 2006;102:E8-11

Osteoma
Osteoma of maxillary sinus—a case report (Park and Kim). 2006;102:E26-7

Osteoma, osteoid
Osteoblastoma of the maxilla and mandible: a report of 24 cases, review of the literature, and discussion of its relationship to osteoid osteoma of the jaws (Jones et al). 2006;102:639-50

Osteomyelitis
Osteomyelitis of the mandible associated with autosomal dominant osteopetrosis: a case report (Albuquerque et al). 2006;102:94-8
Osteomyelitis with proliferative periostitis: an unusual case (Tong et al). 2006;102:E14-9
Radiopaque lesion with peripheral radiolucency of the mandible (Boonyapakorn et al). 2006;102:713-8

Osteonecrosis
Biphosphonate-related osteonecrosis of the jaw: background and guidelines for diagnosis, staging and management (Ruggiero et al). 2006;102:433-41
Bisphosphonate-associated osteonecrosis of the jaws. Report of a case and literature review (Leite et al). 2006;102:14-21

Radiopaque lesion with peripheral radiolucency of the mandible (Boonyapakorn et al). 2006;102:713-8

Osteopetrosis

Osteomyelitis of the mandible associated with autosomal dominant osteopetrosis: a case report (Albuquerque et al). 2006;102:94-8

Osteoporosis

Pixel intensity and fractal analyses: detecting osteoporosis in perimenopausal and postmenopausal women by using digital panoramic images (Tosoni et al). 2006;102:235-41

Osteoradionecrosis

In vivo tetracycline labeling of bone—an intraoperative aid in the surgical therapy of osteoradionecrosis of the mandible (Pautke et al). 2006;102:E10-3

Osteotomy

A new evaluation method for neurosensory disturbance in the chin of patients undergoing mandibular sagittal split ramus osteotomy: an application of the heat flux technique (Kabasawa et al). 2006;102:719-24

Posterior maxillary segmental osteotomy for mandibular implants placement: case report (Meningaud et al). 2006;102:E1-3

Osteotomy, Le Fort

Long-term maxillomandibular skeletal and dental changes in children with cleft lip and palate after maxillary distraction (Harada et al). 2006;102:292-9

Mucociliary clearance and sense of smell following management of Le Fort maxilla fractures (Niedzielska et al). 2006;102:287-91

Oxidative stress

Antimicrobial endodontic compounds do not modulate alkylation-induced genotoxicity and oxidative stress in vitro (Ribeiro et al). 2006;102:E32-6

P

Pain

An evaluation on the efficacy and safety of amlexanox oral adhesive tablets in the treatment of recurrent minor aphthous ulceration in a Chinese cohort: a randomized, double-blind, vehicle-controlled, unparallel multicenter clinical trial (Liu et al). 2006;102:475-81

Brain activity during stimulation of the trigeminal nerve with noxious heat (Leeuw et al). 2006;102:750-7

Magnetic resonance imaging characteristics of temporomandibular joint pain during opening and biting in patients with disc displacement (Ogura). 2006;102:669-72

Multidimensional approach to the differences between muscular and articular temporomandibular patients: coping, distress, and pain characteristics (Galdón et al). 2006;102:40-6

Pain complaint as the first symptom of oral cancer: a descriptive study (Cuffari et al). 2006;102:56-61

Pain, postoperative

Dextromethorphan premedication reduced postoperative analgesic consumption in patients after oral surgery (Aoki et al). 2006;102:591-5

Postoperative analgesia after lower third molar surgery: contribution of the use of long-acting local anesthetics, low-power laser, and diclofenac (Marković and Todorović). 2006;102:E4-8

Pain threshold

Brain activity during stimulation of the trigeminal nerve with noxious heat (Leeuw et al). 2006;102:750-7

Palatal neoplasms

A nodular mass of the anterior palatal gingiva (Kintarak et al). 2006;102:3-6

Palate

Is permanent maxillary tooth removal without palatal injection possible? (Uckan et al). 2006;102:733-5

Pancreas transplantation

Monomorphic Epstein-Barr virus (EBV)-associated large B-cell posttransplant lymphoproliferative disorder presenting as a tongue ulcer in a pancreatic transplant patient (Bruce et al). 2006;102:E24-8

Panoramic radiography; *see* Radiography, panoramic

Papillomavirus, human

Expression of $p16^{INK4A}$, p53, and Rb proteins are independent from the presence of human papillomavirus genes in oral squamous cell carcinoma (Nemes et al). 2006;102:344-52

Overexpression of p16INK4 is a reliable marker of human papillomavirus–induced oral high-grade squamous dysplasia (Cunningham et al). 2006;102:77-81

Papillomavirus infections

Oral bowenoid papulosis in an HIV-positive male (Cox et al) (Letter); (Rinaggio et al) (Reply). 2006;102:431-2

Paresthesia

Labiomandibular paresthesia caused by endodontic treatment: an anatomic and clinical study (Tilotta-Yasukawa et al). 2006;102:E47-59

Mental nerve paresthesia associated with endodontic paste within the mandibular canal: report of a case (Poveda et al). 2006;102:E46-9

Parotid gland

Clinicopathologic study of parotid involvement in 21 cases of eosinophilic hyperplastic lymphogranuloma (Kimura' s disease) (Gao et al). 2006;102:651-8

Sonographic diagnostic criteria for screening Sjögren's syndrome (Shimizu et al). 2006;102:85-93

Parotid neoplasms

Parotid gland leiomyosarcoma in a child: an extremely unusual problem (Sethi et al). 2006;102:82-4

Patient care

Stroke: epidemiology, classification, risk factors, complications, diagnosis, prevention, and medical and dental management (Fatahzadeh and Glick). 2006;102:180-91

Patient care management

The World Workshop on Oral Medicine IV–potential impact on future research and patient management (Greenberg). 2006;102:1-2 (Editorial)

Peer review

. . .et alii, et aliae, et alia, et cetera . . . Rights and responsibilities of authorship (Farman). 2006;102:139-40 (Editorial)

Periapical diseases

Effect of a calcium hydroxide-based root canal dressing on periapical repair in dogs: a histological study (Leonardo et al). 2006;102:680-5

Evaluation of periapical repair following retrograde filling with different root-end filling materials in dog teeth with periapical lesions (Tanomaru-Filho et al). 2006;102:127-32

Periapical granuloma

Receptor activator NFκB-ligand and osteoprotegerin protein expression in human periapical cysts and granulomas (Menezes et al). 2006;102:404-9

Periapical lesions; *see* Periapical diseases

Periapical periodontitis

Living tissue within dead teeth is not healthy pulp (Cardoso) (Letter); (Ricucci et al) (Reply). 2006;102:142-3

Root canal microbiota of dogs' teeth with periapical lesions induced by two different methods (Ferreira et al). 2006;102:564-70

Pericoronitis

Third molar complications requiring hospitalization (Kunkel et al). 2006;102:300-6

Perimenopause
Pixel intensity and fractal analyses: detecting osteoporosis in perimenopausal and postmenopausal women by using digital panoramic images (Tosoni et al). 2006;102:235-41
Periodontal ligament
Cellular toxicity of mineral trioxide aggregate mixed with an alternative delivery vehicle (Karimjee et al). 2006;102:E115-20
Effects of an enamel matrix derivative on human osteoblasts and PDL cells grown in organoid cultures (Pischon et al). 2006;102:551-7
Periodontitis
Ehlers-Danlos syndrome: classifications, oral manifestations, and dental considerations (Abel and Lee). 2006;102:582-90
Perioperative care
Perioperative management of the geriatric patient. Part I: respiratory system (Bergman et al). 2006;102:E1-6
Perioperative management of the geriatric patient. Part II: cardiovascular system (Bergman et al). 2006;102:E7-12
Perioperative management of the geriatric patient. Part III: delirium (Bergman et al). 2006;102:E13-6
Periosteum
Subperiosteal abscess of the orbit: an unusual complication of the third molar surgery (Muñoz-Guerra et al). 2006;102:E9-13
Periostitis
Osteomyelitis with proliferative periostitis: an unusual case (Tong et al). 2006;102:E14-9
PFAPA syndrome; *see* Adenitis; Aphthous, stomatitis; Fever; Pharyngitis
Pharyngeal neoplasms
Prevention and early detection of oral and pharyngeal cancer in veterans (Kim et al). 2006;102:625-31
Pharyngitis
The PFAPA syndrome in oral medicine: differential diagnosis and treatment (Pinto et al). 2006;102:35-9
Pharyngostomy
Cervical pharyngostomy: an alternative approach to enteral feeding (Patil et al). 2006;102:736-40
Phlebotomy
Vasovagal syncope with asystole associated with intravenous access (Wakita et al). 2006;102:E28-32
Phosphates
Cellular toxicity of mineral trioxide aggregate mixed with an alternative delivery vehicle (Karimjee et al). 2006;102:E115-20
Photosensitizing agents
Efficiency of NaOCl and laser-assisted photosensitization on the reduction of *Enterococcus faecalis* in vitro (Silva Garcez et al). 2006;102:E93-8
Physicians
Adequacy of training in oral cancer prevention and screening as self-assessed by physicians, nurse practitioners, and dental health professionals (Patton et al). 2006;102:758-64
p16INK4 protein; *see* Cyclin-dependent kinase inhibitor p16
Plant oils
In vitro evaluation of macrophage viability after incubation in orange oil, eucalyptol, and chloroform (Scelza et al). 2006;102:E24-7
p38 Mitogen-activated protein kinases
p38 Mitogen-activated protein kinases and alkaline phosphatase in human dental pulp cells (Wang et al). 2006;102:114-8
Polymerase chain reaction
Enterococcus faecalis in dental root canals detected by culture and by polymerase chain reaction analysis (Gomes et al). 2006;102:247-53
Portland cement; *see* Dental cements
Postmenopause
Pixel intensity and fractal analyses: detecting osteoporosis in perimenopausal and postmenopausal women by using digital panoramic images (Tosoni et al). 2006;102:235-41
Postoperative complications
The effects of exposing dental implants to the maxillary sinus cavity on sinus complications (Jung et al). 2006;102:602-5
Frequency of postoperative complications after balloon compression for idiopathic trigeminal neuralgia: prospective study (de Siqueira et al). 2006;102:E39-45
Minor complications after mandibular third molar surgery: type, incidence, and possible prevention (Kim et al). 2006;102:E4-11
Preanesthetic medication
The efficacy comparison of ibuprofen, acetaminophen-codeine, and placebo premedication therapy on the depth of anesthesia during treatment of inflamed teeth (Modaresi et al). 2006;102:399-403
Premedication
Dextromethorphan premedication reduced postoperative analgesic consumption in patients after oral surgery (Aoki et al). 2006;102:591-5
Premolar; *see* Bicuspid
Primary teeth; *see* Tooth, deciduous
Propofol
Cardiovascular effects of epinephrine under sedation with nitrous oxide, propofol, or midazolam (Niwa et al). 2006;102:E1-9
Propylene glycols
Cellular toxicity of mineral trioxide aggregate mixed with an alternative delivery vehicle (Karimjee et al). 2006;102:E115-20
Publications
New pathology section editor (Hupp). 2006;102:340 (Editorial)
Publishing
Editor extraordinaire! (Hupp). 2006;102:198 (Editorial)
Pulpitis
The efficacy comparison of ibuprofen, acetaminophen-codeine, and placebo premedication therapy on the depth of anesthesia during treatment of inflamed teeth (Modaresi et al). 2006;102:399-403
Pulpotomy
The effect of sodium hypochlorite application on the success of calcium hydroxide pulpotomy in primary teeth (Tunç et al). 2006;102:E22-6
Evaluation of the formocresol versus mineral trioxide aggregate primary molar pulpotomy. A meta-analysis (Peng et al). 2006;102:E40-4
Punctures
Image-guided puncture technique for the superior temporomandibular joint space: value of cone beam computed tomography (CBCT) (Honda et al). 2006;102:281-6

R

Radiation injuries
Cytokeratin expression in initial oral mucositis of head and neck irradiated patients (Bonan et al). 2006;101:205-11. Correction. 2006;102:710
In vivo tetracycline labeling of bone—an intraoperative aid in the surgical therapy of osteoradionecrosis of the mandible (Pautke et al). 2006;102:E10-3
Radicular cyst
Central neurilemmoma of the jaw in concurrence with radicular cyst: a case report (Pimkhaokham et al). 2006;102:E34-6
Receptor activator NFκB-ligand and osteoprotegerin protein expression in human periapical cysts and granulomas (Menezes et al). 2006;102:404-9

Radiographic image interpretation, computer-assisted
Pixel intensity and fractal analyses: detecting osteoporosis in perimenopausal and postmenopausal women by using digital panoramic images (Tosoni et al). 2006;102:235-41
Radiography, dental
Dens invaginatus type II: case report with 2-year radiographic follow-up (Rodekirchen et al). 2006;102:E121-5
Lack of correlation between ex vivo apical dye penetration and presence of apical radiolucencies (Susini et al). 2006;102:E19-23
Radiopaque lesion with peripheral radiolucency of the mandible (Boonyapakorn et al). 2006;102:713-8
Radiography, dental, digital
The effect of lighting conditions on caries interpretation with a laptop computer in a clinical setting (Kutcher et al). 2006;102:537-43
How does signal fade on photo-stimulable storage phosphor imaging plates when scanned with a delay and what is the effect on image quality (Ang et al). 2006;102:673-9
Pixel intensity and fractal analyses: detecting osteoporosis in perimenopausal and postmenopausal women by using digital panoramic images (Tosoni et al). 2006;102:235-41
Radiography, panoramic
Assessment of the reliability and validity of panoramic imaging for assessment of mandibular condyle morphology using both MRI and clinical examination as the gold standard (Schmitter et al). 2006;102:220-4
Bilateral tonsillolithiasis: a case report (Özcan et al). 2006;102:E17-8
Calcified carotid artery atheroma (CCAA) localization on panoramic radiographs (Mupparapu) (Letter); (Kamikawa) (Reply). 2006;102:579-81
Case report: B-cell lymphoma of the maxillary sinus (Yepes et al). 2006;102:792-5
Commentary to "Panoramic radiographic predictors of mandibular third molar eruption" (Precious). 2006;102:159
Correlation between maxillary sinus floor topography and related root position of posterior teeth using panoramic and cross-sectional computed tomography imaging (Sharan et al). 2006;102:375-81
Influence of lower third molar position on the incidence of preoperative complications (Almendros-Marqués et al). 2006;102:725-32
Mandibular morphological changes in low bone mass edentulous females: evaluation of panoramic radiographs (Dutra et al). 2006;102:663-8
Panoramic radiographic predictors of mandibular third molar eruption (Niedzielska et al). 2006;102:154-8
Pixel intensity and fractal analyses: detecting osteoporosis in perimenopausal and postmenopausal women by using digital panoramic images (Tosoni et al). 2006;102:235-41
Prevalence of root dilaceration in adult dental patients in Croatia (Malcic et al). 2006;102:104-9
Reproducible precision does not necessarily mean validity (Farman) (Letter); (Miloro) (Reply). 2006;102:145-7
Sole radiographic expression of rheumatoid arthritis in the temporomandibular joints: a case report (Delantoni et al). 2006;102:E37-40
Temporomandibular joint osteochondritis dissecans: case report (Orhan et al). 2006;102:E41-6
Ramsay-Hunt syndrome; *see* Herpes zoster oticus
Receptors, cytoplasmic and nuclear
Receptor activator NFκB-ligand and osteoprotegerin protein expression in human periapical cysts and granulomas (Menezes et al). 2006;102:404-9
Receptors, tumor necrosis factor
Receptor activator NFκB-ligand and osteoprotegerin protein expression in human periapical cysts and granulomas (Menezes et al). 2006;102:404-9
Reconstructive surgical procedures
Difficulties in anesthetic management of patients with micrognathia: report of a patient with Stickler syndrome (Küçükyavuz et al). 2006;102:E33-6
Vertical distraction osteogenesis of fibula transplant for mandibular reconstruction: a case report (Ortakoglu et al). 2006;102:E8-11
Respiratory system
Perioperative management of the geriatric patient. Part I: respiratory system (Bergman et al). 2006;102:E1-6
Retinoblastoma protein
Expression of $p16^{INK4A}$, p53, and Rb proteins are independent from the presence of human papillomavirus genes in oral squamous cell carcinoma (Nemes et al). 2006;102:344-52
Risk factors
Perioperative management of the geriatric patient. Part I: respiratory system (Bergman et al). 2006;102:E1-6
Perioperative management of the geriatric patient. Part II: cardiovascular system (Bergman et al). 2006;102:E7-12
Perioperative management of the geriatric patient. Part III: delirium (Bergman et al). 2006;102:E13-6
Stroke: epidemiology, classification, risk factors, complications, diagnosis, prevention, and medical and dental management (Fatahzadeh and Glick). 2006;102:180-91
Root canal; *see* Dental pulp cavity
Root canal filling materials
Assessment of antibacterial activity of EndoREZ (Eldeniz et al). 2006;102:119-26
Cellular toxicity of mineral trioxide aggregate mixed with an alternative delivery vehicle (Karimjee et al). 2006;102:E115-20
Chemical analysis of powder and set forms of Portland cement, gray ProRoot MTA, white ProRoot MTA, and gray MTA-Angelus (Song et al). 2006;102:809-15
A comparison of four different microleakage tests for assessment of leakage of root canal fillings (Karagenç et al). 2006;102:110-3
Effect of a calcium hydroxide-based root canal dressing on periapical repair in dogs: a histological study (Leonardo et al). 2006;102:680-5
Evaluation of periapical repair following retrograde filling with different root-end filling materials in dog teeth with periapical lesions (Tanomaru-Filho et al). 2006;102:127-32
Evaluation of the formocresol versus mineral trioxide aggregate primary molar pulpotomy. A meta-analysis (Peng et al). 2006;102:E40-4
Genotoxicity in primary human peripheral lymphocytes after exposure to regular and white mineral trioxide aggregate (da Silva et al). 2006;102:E50-4
Histologic evaluation of direct pulp capping with a self-etching adhesive and calcium hydroxide in beagles (Lu et al). 2006;102:E78-84
Labiomandibular paresthesia caused by endodontic treatment: an anatomic and clinical study (Tilotta-Yasukawa et al). 2006;102:E47-59
Mental nerve paresthesia associated with endodontic paste within the mandibular canal: report of a case (Poveda et al). 2006;102:E46-9
MTA and IRM as root-end filling materials in endodontic surgery (Dietrich) (Letter); (Lindeboom) (Reply). 2006;102:143-5
Treatment of external inflammatory root resorption after autoge-

nous tooth transplantation: case report (Herrera et al). 2006;102:E51-4
Treatment of lateral root perforation with mineral trioxide aggregate: a case report (Yildirim and Dalci). 2006;102:E55-8

Root canal irrigants
Antimicrobial effect, in vitro, of gutta-percha points containing root canal medications against yeasts and *Enterococcus faecalis* (Öztan et al). 2006;102:410-6
Radiopaque lesion with peripheral radiolucency of the mandible (Boonyapakorn et al). 2006;102:713-8
In vitro evaluation of the antimicrobial activity of calcium hydroxide combined with chlorhexidine gel used as intracanal medicament (Gomes et al). 2006;102:544-50

Root canal obturation
A comparison of four different microleakage tests for assessment of leakage of root canal fillings (Karagenç et al). 2006;102:110-3
Effects of different root canal obturation techniques on bacterial penetration (Yücel and Çiftçi). 2006;102:E88-92

Root canal preparation
Biocompatibility of furcal perforation repair material using cell culture technique: Ketac molar versus ProRoot MTA (Vajrabhaya et al). 2006;102:E48-50
A clinical method to determine the optimal apical preparation size. Part I (Weiger et al). 2006;102:686-91
Comparison in vivo of the first tapered and nontapered instruments that bind at the apical constriction (Kfir et al). 2006;102:395-8
Effect of three nickel-titanium rotary file techniques on infected root dentin reduction (Chuste-Guillot et al). 2006;102:254-8
Extended apical enlargement with hand files versus rotary NiTi files. Part II (Bartha et al). 2006;102:692-7

Root canal therapy
A clinical method to determine the optimal apical preparation size. Part I (Weiger et al). 2006;102:686-91
Dens invaginatus type II: case report with 2-year radiographic follow-up (Rodekirchen et al). 2006;102:E121-5
The efficacy comparison of ibuprofen, acetaminophen-codeine, and placebo premedication therapy on the depth of anesthesia during treatment of inflamed teeth (Modaresi et al). 2006;102:399-403
Endodontic treatment of an unusual connation of permanent mandibular molars: a case report (Liu et al). 2006;102:E72-7
Infatuated by *Enterococci* (Spångberg). 2006;102:577-8 (Editorial)
Intentional replantation of a mandibular molar: case report and 14-year follow-up (Herrera et al). 2006;102:E85-7
Labiomandibular paresthesia caused by endodontic treatment: an anatomic and clinical study (Tilotta-Yasukawa et al). 2006;102:E47-59
Microleakage evaluation of intraorifice sealing materials in endodontically treated teeth (Sauáia et al). 2006;102:242-6
Treatment of external inflammatory root resorption after autogenous tooth transplantation: case report (Herrera et al). 2006;102:E51-4
The treatment of unusual foreign objects in a root canal: a case report (Özsezer et al). 2006;102:E45-7

Root resorption
Treatment of external inflammatory root resorption after autogenous tooth transplantation: case report (Herrera et al). 2006;102:E51-4

Rosai-Dorfman disease; *see* Histiocytosis, sinus

S

Saliva
Salivary gland function in HIV-infected patients treated with highly active antiretroviral therapy (HAART) (Lin et al). 2006;102:318-24

Salivary gland neoplasms
Assessment of CD43 expression in adenoid cystic carcinomas, polymorphous low-grade adenocarcinomas, and monomorphic adenomas (Woo et al). 2006;102:495-500
A study of the utility of silver nucleolar organizer regions in categorization and prognosis of salivary gland tumors (Adeyemi et al). 2006;102:513-20

Salivary glands
Bilateral canalicular adenomas of the upper lip (Yoon et al). 2006;102:341-3
Salivary gland function in HIV-infected patients treated with highly active antiretroviral therapy (HAART) (Lin et al). 2006;102:318-24

Salivary proteins
Candida albicans binds to saliva proteins selectively adsorbed to silicone (Holmes et al). 2006;102:488-94

Sclerotherapy
Management of mandibular vascular formation with sclerotherapy. Report of two cases (Hassani et al). 2006;102:99-103

Sensory thresholds
A new evaluation method for neurosensory disturbance in the chin of patients undergoing mandibular sagittal split ramus osteotomy: an application of the heat flux technique (Kabasawa et al). 2006;102:719-24

Sex factors
Oral habits and their association with signs and symptoms of temporomandibular disorders in adolescents: a gender comparison (Winocur et al). 2006;102:482-7

Sialography
Sonographic diagnostic criteria for screening Sjögren's syndrome (Shimizu et al). 2006;102:85-93
Symmetry of the submandibular glands in humans—a postmortem study assessing the linear morphometric parameters (Stimec et al). 2006;102:391-4

Signet ring cell carcinoma; *see* Carcinoma, signet ring cell

Silicones
Candida albicans binds to saliva proteins selectively adsorbed to silicone (Holmes et al). 2006;102:488-94

Silver staining
A study of the utility of silver nucleolar organizer regions in categorization and prognosis of salivary gland tumors (Adeyemi et al). 2006;102:513-20

Sjogren's syndrome
Sonographic diagnostic criteria for screening Sjögren's syndrome (Shimizu et al). 2006;102:85-93

Smad2 protein
p38 Mitogen-activated protein kinases and alkaline phosphatase in human dental pulp cells (Wang et al). 2006;102:114-8

Smad3 protein
p38 Mitogen-activated protein kinases and alkaline phosphatase in human dental pulp cells (Wang et al). 2006;102:114-8

Smell
Mucociliary clearance and sense of smell following management of Le Fort maxilla fractures (Niedzielska et al). 2006;102:287-91

Smoking
Clinicopathologic aspects of oral leukoplakia in smokers and nonsmokers (Diniz-Freitas et al). 2006;102:199-203
Prevention and early detection of oral and pharyngeal cancer in veterans (Kim et al). 2006;102:625-31

Sodium hypochlorite
The effect of sodium hypochlorite application on the success of calcium hydroxide pulpotomy in primary teeth (Tunç et al). 2006;102:E22-6

The effect of sodium hypochlorite on the surface characteristics and fatigue resistance of ProFile nickel-titanium instruments (de Castro Martins et al). 2006;102:E99-105
Efficiency of NaOCl and laser-assisted photosensitization on the reduction of *Enterococcus faecalis* in vitro (Silva Garcez et al). 2006;102:E93-8

Somatosensory disorders
Permanent sensory nerve impairment following third molar surgery: a prospective study (Jerjes et al). 2006;102:E1-7

Spectrometry, x-ray emission
Chemical analysis of powder and set forms of Portland cement, gray ProRoot MTA, white ProRoot MTA, and gray MTA-Angelus (Song et al). 2006;102:809-15

Squamous cell carcinoma; *see* Carcinoma, squamous cell

Steroids
A randomized controlled trial to compare steroid with cyclosporine for the topical treatment of oral lichen planus (Yoke et al). 2006;102:47-55

Stomatitis
Cytokeratin expression in initial oral mucositis of head and neck irradiated patients (Bonan et al). 2006;101:205-11. Correction. 2006;102:710
Ramsay-Hunt syndrome with vesicular stomatitis in a 4-year-old infant (Koga et al). 2006;102:E37-9

Stomatitis, aphthous
An evaluation on the efficacy and safety of amlexanox oral adhesive tablets in the treatment of recurrent minor aphthous ulceration in a Chinese cohort: a randomized, double-blind, vehicle-controlled, unparallel multicenter clinical trial (Liu et al). 2006;102:475-81
The PFAPA syndrome in oral medicine: differential diagnosis and treatment (Pinto et al). 2006;102:35-9

Stomatitis, denture
Correlation between adhesion, enzyme production, and susceptibility to fluconazole in *Candida albicans* obtained from denture wearers (Lyon and de Resende). 2006;102:632-8

Streptococcal infections
Case report: brain and liver abscesses caused by oral infection with *Streptococcus intermedius* (Wagner et al). 2006;102:E21-3
Effect of three nickel-titanium rotary file techniques on infected root dentin reduction (Chuste-Guillot et al). 2006;102:254-8

Streptococcus intermedius
Case report: brain and liver abscesses caused by oral infection with *Streptococcus intermedius* (Wagner et al). 2006;102:E21-3

Stress, psychological
Multidimensional approach to the differences between muscular and articular temporomandibular patients: coping, distress, and pain characteristics (Galdón et al). 2006;102:40-6

Stroke; *see* Cerebrovascular Accident

Submandibular gland
Sonographic diagnostic criteria for screening Sjögren's syndrome (Shimizu et al). 2006;102:85-93
Symmetry of the submandibular glands in humans—a postmortem study assessing the linear morphometric parameters (Stimec et al). 2006;102:391-4

Surface properties
The effect of sodium hypochlorite on the surface characteristics and fatigue resistance of ProFile nickel-titanium instruments (de Castro Martins et al). 2006;102:E99-105

Surgical mesh
Individual preformed titanium meshes for orbital fractures (Metzger et al). 2006;102:442-7

Syncope, vasovagal
Vasovagal syncope with asystole associated with intravenous access (Wakita et al). 2006;102:E28-32

Synostosis
Congenital fusion of the maxilla and mandible: brief case report (Shams et al). 2006;102:E1-3

Synovial fluid
Expression of matrix metalloproteinases and aggrecanase in the synovial fluids of patients with symptomatic temporomandibular disorders (Yoshida et al). 2006;102:22-7
Inflammatory cytokines correlated with clinical outcome of temporomandibular joint irrigation in patients with chronic closed lock (Hamada et al). 2006;102:596-601

T

Tacrolimus
Tacrolimus powder in Orabase 0.1% for the treatment of oral lichen planus and oral lichenoid lesions: an open clinical trial (Lozada-Nur and Sroussi). 2006;102:744-9

Temperature sense
A new evaluation method for neurosensory disturbance in the chin of patients undergoing mandibular sagittal split ramus osteotomy: an application of the heat flux technique (Kabasawa et al). 2006;102:719-24

Temporal arteritis
Temporal arteritis: report of a case (Zachariades et al). 2006;102:192-7

Temporal muscle
Bilateral temporalis muscle hypertrophy: a case report (Da Silva and Mandel). 2006;102:E1-3

Temporomandibular joint
Image-guided puncture technique for the superior temporomandibular joint space: value of cone beam computed tomography (CBCT) (Honda et al). 2006;102:281-6
Severe limitation in jaw movement in a patient with fibrodysplasia ossificans progressiva: a case report (Sendur et al). 2006;102:312-7

Temporomandibular joint disorders
Assessment of the reliability and validity of panoramic imaging for assessment of mandibular condyle morphology using both MRI and clinical examination as the gold standard (Schmitter et al). 2006;102:220-4
The efficacy of magnetic resonance imaging in the diagnosis of degenerative and inflammatory temporomandibular joint disorders: a systematic literature review (Limchaichana et al). 2006;102:521-36
Expression of matrix metalloproteinases and aggrecanase in the synovial fluids of patients with symptomatic temporomandibular disorders (Yoshida et al). 2006;102:22-7
Inflammatory cytokines correlated with clinical outcome of temporomandibular joint irrigation in patients with chronic closed lock (Hamada et al). 2006;102:596-601
Magnetic resonance imaging characteristics of temporomandibular joint pain during opening and biting in patients with disc displacement (Ogura). 2006;102:669-72
Multidimensional approach to the differences between muscular and articular temporomandibular patients: coping, distress, and pain characteristics (Galdón et al). 2006;102:40-6
Oral habits and their association with signs and symptoms of temporomandibular disorders in adolescents: a gender comparison (Winocur et al). 2006;102:482-7
Short-term therapeutic outcome of intra-articular high molecular weight hyaluronic acid injection for nonreducing disc displacement of the temporomandibular joint (Yeung et al). 2006;102:453-61
Sole radiographic expression of rheumatoid arthritis in the temporomandibular joints: a case report (Delantoni et al). 2006;102:E37-40

Temporomandibular joint osteochondritis dissecans: case report (Orhan et al). 2006;102:E41-6

Tenascin

Immunohistochemical expression of fibronectin and tenascin after direct pulp capping with calcium hydroxide (Piva et al). 2006;102:E66-71

Tetracycline

In vivo tetracycline labeling of bone—an intraoperative aid in the surgical therapy of osteoradionecrosis of the mandible (Pautke et al). 2006;102:E10-3

Thinking

Healthy skepticism – the essence of critical thinking (Hupp). 2006;102:271-4 (Editorial)

Third molar; *see* Molar, third

Thyroid diseases

Thyroid disorders. Part II: hypothyroidism and thyroiditis (Little). 2006;102:148-53

Thyroid gland

Thyroid disorders. Part III: neoplastic thyroid disease (Little). 2006;102:275-80

Thyroiditis

Thyroid disorders. Part II: hypothyroidism and thyroiditis (Little). 2006;102:148-53

Thyroid neoplasms

Thyroid disorders. Part III: neoplastic thyroid disease (Little). 2006;102:275-80

Time factors

How does signal fade on photo-stimulable storage phosphor imaging plates when scanned with a delay and what is the effect on image quality (Ang et al). 2006;102:673-9

Tissue adhesives

Biochemical and histopathological findings of N-butyl-2-cyanoacrylate in oral surgery: an experimental study (Inal et al). 2006;102:E14-7

Tissue engineering

A comparative histologic analysis of tissue-engineered bone using platelet-rich plasma and platelet-enriched fibrin glue (Zhu et al). 2006;102:175-9

Titanium

Cyclic fatigue of different nickel-titanium endodontic rotary instruments (Tripi et al). 2006;102:E106-14

The effect of sodium hypochlorite on the surface characteristics and fatigue resistance of ProFile nickel-titanium instruments (de Castro Martins et al). 2006;102:E99-105

Effect of three nickel-titanium rotary file techniques on infected root dentin reduction (Chuste-Guillot et al). 2006;102:254-8

Extended apical enlargement with hand files versus rotary NiTi files. Part II (Bartha et al). 2006;102:692-7

Individual preformed titanium meshes for orbital fractures (Metzger et al). 2006;102:442-7

T lymphocytes

NK and NKT cells in the rat dental pulp tissues (Kawashima et al). 2006;102:558-63

Tolonium chloride

A reason for the use of toluidine blue staining in the presurgical management of patients with oral squamous cell carcinomas (Missmann et al). 2006;102:741-3

Toluidine blue; *see* Tolonium chloride

Tomography, spiral computed

Assessment of bone segmentation quality of cone-beam CT versus multislice spiral CT: a pilot study (Loubele et al). 2006;102:225-34

Tomography, x-ray computed

Assessment of bone segmentation quality of cone-beam CT versus multislice spiral CT: a pilot study (Loubele et al). 2006;102:225-34

Bilateral tonsillolithiasis: a case report (Özcan et al). 2006;102:E17-8

Correlation between maxillary sinus floor topography and related root position of posterior teeth using panoramic and cross-sectional computed tomography imaging (Sharan et al). 2006;102:375-81

3D-CT evaluation of facial asymmetry in patients with maxillofacial deformities (Maeda et al). 2006;102:382-90

Image-guided puncture technique for the superior temporomandibular joint space: value of cone beam computed tomography (CBCT) (Honda et al). 2006;102:281-6

Sole radiographic expression of rheumatoid arthritis in the temporomandibular joints: a case report (Delantoni et al). 2006;102:E37-40

Temporomandibular joint osteochondritis dissecans: case report (Orhan et al). 2006;102:E41-6

Tongue diseases

Monomorphic Epstein-Barr virus (EBV)-associated large B-cell posttransplant lymphoproliferative disorder presenting as a tongue ulcer in a pancreatic transplant patient (Bruce et al). 2006;102:E24-8

Tonsil

Bilateral tonsillolithiasis: a case report (Özcan et al). 2006;102:E17-8

Tooth, abnormalities

The Ekman-Westborg and Julin trait: report of a case (Nemes and Alberth). 2006;102:659-62

Tooth, deciduous

The effect of sodium hypochlorite application on the success of calcium hydroxide pulpotomy in primary teeth (Tunç et al). 2006;102:E22-6

Tooth, extraction

Third molar complications requiring hospitalization (Kunkel et al). 2006;102:300-6

Tooth, impacted

Do pathologies associated with impacted lower third molars justify prophylactic removal? A critical review of the literature (Adeyemo). 2006;102:448-52

The effects of tramadol added to articaine on anesthesia duration (Pozos et al). 2006;102:614-7

Influence of lower third molar position on the incidence of preoperative complications (Almendros-Marqués et al). 2006;102:725-32

Minor complications after mandibular third molar surgery: type, incidence, and possible prevention (Kim et al). 2006;102:E4-11

Reproducible precision does not necessarily mean validity (Farman) (Letter); (Miloro) (Reply). 2006;102:145-7

Third molar complications requiring hospitalization (Kunkel et al). 2006;102:300-6

Tooth apex

Central neurilemmoma of the jaw in concurrence with radicular cyst: a case report (Pimkhaokham et al). 2006;102:E34-6

A clinical method to determine the optimal apical preparation size. Part I (Weiger et al). 2006;102:686-91

Comparison in vivo of the first tapered and nontapered instruments that bind at the apical constriction (Kfir et al). 2006;102:395-8

Extended apical enlargement with hand files versus rotary NiTi files. Part II (Bartha et al). 2006;102:692-7

Labiomandibular paresthesia caused by endodontic treatment: an anatomic and clinical study (Tilotta-Yasukawa et al). 2006;102:E47-59

Lack of correlation between ex vivo apical dye penetration and presence of apical radiolucencies (Susini et al). 2006;102:E19-23

Tooth avulsion
Spontaneous re-eruption of intruded permanent incisors: five case reports (Şaroğlu et al). 2006;102:E60-5

Tooth crown
Prevalence of root dilaceration in adult dental patients in Croatia (Malcic et al). 2006;102:104-9

Tooth eruption
Commentary to "Panoramic radiographic predictors of mandibular third molar eruption" (Precious). 2006;102:159
Panoramic radiographic predictors of mandibular third molar eruption (Niedzielska et al). 2006;102:154-8
Spontaneous re-eruption of intruded permanent incisors: five case reports (Şaroğlu et al). 2006;102:E60-5

Tooth extraction
Articaine and mepivacaine efficacy in postoperative analgesia for lower third molar removal: a double-blind randomized, crossover study (Colombini et al). 2006;102:169-74
Do pathologies associated with impacted lower third molars justify prophylactic removal? A critical review of the literature (Adeyemo). 2006;102:448-52
Is permanent maxillary tooth removal without palatal injection possible? (Uckan et al). 2006;102:733-5
Minor complications after mandibular third molar surgery: type, incidence, and possible prevention (Kim et al). 2006;102:E4-11

Tooth injuries
Biocompatibility of furcal perforation repair material using cell culture technique: Ketac molar versus ProRoot MTA (Vajrabhaya et al). 2006;102:E48-50

Tooth replantation
Intentional replantation of a mandibular molar: case report and 14-year follow-up (Herrera et al). 2006;102:E85-7

Tooth root
Biocompatibility of furcal perforation repair material using cell culture technique: Ketac molar versus ProRoot MTA (Vajrabhaya et al). 2006;102:E48-50
Correlation between maxillary sinus floor topography and related root position of posterior teeth using panoramic and cross-sectional computed tomography imaging (Sharan et al). 2006;102:375-81
The Ekman-Westborg and Julin trait: report of a case (Nemes and Alberth). 2006;102:659-62
Prevalence of root dilaceration in adult dental patients in Croatia (Malcic et al). 2006;102:104-9
Reproducible precision does not necessarily mean validity (Farman) (Letter); (Miloro) (Reply). 2006;102:145-7
Treatment of lateral root perforation with mineral trioxide aggregate: a case report (Yildirim and Dalci). 2006;102:E55-8

Tooth transplantation
Treatment of external inflammatory root resorption after autogenous tooth transplantation: case report (Herrera et al). 2006;102:E51-4

Tramadol
The effects of tramadol added to articaine on anesthesia duration (Pozos et al). 2006;102:614-7

Trauma; *see* Wounds and injuries

Trigeminal nerve
Brain activity during stimulation of the trigeminal nerve with noxious heat (Leeuw et al). 2006;102:750-7

Trigeminal neuralgia
Frequency of postoperative complications after balloon compression for idiopathic trigeminal neuralgia: prospective study (de Siqueira et al). 2006;102:E39-45

Tumor necrosis factor
Inflammatory cytokines correlated with clinical outcome of temporomandibular joint irrigation in patients with chronic closed lock (Hamada et al). 2006;102:596-601

Tumor suppressor protein p53
Expression of $p16^{INK4A}$, p53, and Rb proteins are independent from the presence of human papillomavirus genes in oral squamous cell carcinoma (Nemes et al). 2006;102:344-52

U

Ulcer
Monomorphic Epstein-Barr virus (EBV)-associated large B-cell posttransplant lymphoproliferative disorder presenting as a tongue ulcer in a pancreatic transplant patient (Bruce et al). 2006;102:E24-8

Ultrasonography
Sonographic diagnostic criteria for screening Sjögren's syndrome (Shimizu et al). 2006;102:85-93

Ultrasound
Experimental evaluation of bone quality measuring speed of sound in cadaver mandibles (Haffar et al). 2006;102:782-91

Uterine diseases
Odontogenic keratocyst and uterus bicornis in nevoid basal cell carcinoma syndrome: case report and literature review (Ramaglia et al). 2006;102:217-9

Uterus bicornis; *see* Uterine diseases

V

Vascular diseases
Management of mandibular vascular formation with sclerotherapy. Report of two cases (Hassani et al). 2006;102:99-103

Veins
Intramuscular vascular malformation of the masseter muscle presenting with turkey wattle sign (Rai et al). 2006;102:618-24, 618.E1-9

Vertical dimension
Posterior maxillary segmental osteotomy for mandibular implants placement: case report (Meningaud et al). 2006;102:E1-3

Veterans
Prevention and early detection of oral and pharyngeal cancer in veterans (Kim et al). 2006;102:625-31

Vision disorders
Delayed traumatic occular emphysema: a case report (Papadimitriou et al). 2006;102:E18-20

Voice prosthesis; *see* Larynx artificial

W

Wounds and injuries
Delayed traumatic occular emphysema: a case report (Papadimitriou et al). 2006;102:E18-20

X

X-ray diffraction
Chemical analysis of powder and set forms of Portland cement, gray ProRoot MTA, white ProRoot MTA, and gray MTA-Angelus (Song et al). 2006;102:809-15

X-ray intensifying screens
How does signal fade on photo-stimulable storage phosphor imaging plates when scanned with a delay and what is the effect on image quality (Ang et al). 2006;102:673-9
